

# CIAAACE 2026

The 38<sup>th</sup> China International Auto Service, Products & Equipment Exhibition China's International New Energy Vehicle Technology, Parts and Services Exhibition

# PRODUCT CATALOG

March 13-16, 2026

Capital International Exhibition & Convention Center, Shunyi, Beijing, China

## Car Care & Detailing

**ThreeBond 6735F**  
Visible-Light-Activated Photocatalyst Deodorizing Spray

ThreeBond 6735F is an advanced deodorizing spray powered by visible-light-activated photocatalysis.

**Cleaning Gun**

Focused on cleaning guns for 15 years with guaranteed quality and worry-free after-sales service.

**Dechi Multi-Foam Car Wash Wax**

Rich, dense foaming action quickly lifts and removes dirt

**Dechi Coating Wiper Fluid**

Ensures safe driving with a clear windshield view

**Dechi Paint Protection Film (PPF) Coating**

Keeps the paint protection film in optimal condition for long-term durability and appearance

**Cordless and Electric Polishers (EB351, EB210, EX620, EP820)**

ThreeBond 6735F is an advanced deodorizing spray powered by visible-light-activated photocatalysis.

**ES526 Dual-Speed Electric Orbital Sander**

Suitable for automotive sheet metal sanding, painting prep, as well as furniture and woodworking finishing.

**Dechi Windshield Washer Fluid for Bug Residue & Oil Film Removal**

Dual-action formula designed to dissolve stubborn bug residue and remove oily films from the windshield

**Cloth-based Adhesive Protective Film**

High-quality cloth adhesive film for car beauty, durable and residue-free.

**Colored Adhesive Tape**

Strong colored tape for decoration and cars, easy-tear and multi-color.

**Automotive Nano Coating**

Nano coating protects car surfaces with water-repellent, glossy UV defense.

**No-Wipe Car Wax Spray / Waterless Car Wax**

No-wipe car wax spray for glossy, water-repelling protection.

**Engine Restoring Fluid**

Engine fluid cleans carbon, reduces friction, boosts efficiency and lifespan.

**Brake Line Cleaning & Fluid Replacement Kit**

Brake cleaning kit ensures safety, prevents corrosion, extends system life.

**Car AC Cooling Enhancement Kit**

AC cooling kit improves performance and airflow for comfort.

**Fuel Additive / Fuel Treatment**

Fuel additive cleans injectors, reduces deposits, enhances efficiency.

**Interior Car Wax**

Dashboard wax restores shine, repels dust, protects interiors.

**Tar Remover / Asphalt Cleaner**

Tar remover safely cleans residues, protects paint and trim.

**Car Care Product - Glass Water Repellent Spray**

Glass water repellent spray ensures clear, safe driving in rain.

**Automotive Glass Scratch Repair Kit**

All-in-one glass scratch repair kit restores clarity and removes scratches.

**Glass Repair Polishing Machine**

Glass polishing machine restores smoothness and transparency effectively.

**Transmission Fluid**

Transmission fluid ensures smooth shifting and extends lifespan.

## Car Care & Detailing

Car Polishing & Waxing Pad

Car polishing pad achieves professional gloss and protection.

Car Polishing Foam Pad

High-density foam pad delivers professional results and is paint-safe.

One-Touch Disinfectant Spray

One-touch disinfectant spray sanitizes interiors quickly and effectively.

Film Adhesive Remover

Remove stubborn adhesive residues safely with Film Adhesive Remover, perfect for vehicle wraps, decals, and film applications.

Combustion Chamber Foam Cleaner

Combustion chamber cleaner removes carbon, improving performance and efficiency.

Smoke Eliminator No.1

Smoke eliminator removes odors, ensuring a fresh driving environment.

Concentrated Car Wash Shampoo

pH-neutral car wash shampoo cleans gently and preserves finish.

Premium Automotive Paint & Wrap Cleaner

Premium Automotive Paint & Wrap Cleaner is a professional-grade cleaning solution designed for both matte and gloss car wraps.

Engine Internal Cleaner (Engine Flush)

Engine Flush removes deposits, restores lubrication, and extends engine life.

Engine Oil Additive

Oil Additive enhances lubrication, reduces wear, and lowers fuel consumption.

High-Tech Ion Decarbonization Machine

Ion Decarbonization Machine cleans engines efficiently, boosting performance and fuel economy.

Neutral Concentrated Engine Cleaner

Neutral Engine Cleaner removes grease and deposits without damaging engines.

Synthetic Automotive Brake Fluid - DOT 3

Synthetic Brake Fluid ensures safe, responsive braking with corrosion protection.

Premium Multi-Purpose Lithium Grease

Multi-Purpose Grease is water-resistant and stable for diverse applications.

GF Series High-Pressure Pump

High-Pressure Pump delivers durable, energy-efficient performance.

Morn Automotive Lubricant

Automotive Lubricant reduces wear, prevents sludge, and enhances efficiency.

Automotive Brake Fluid

Premium Brake Fluid ensures thermal stability and reliable braking.

Automotive Antifreeze / Coolant

Antifreeze protects against freezing, overheating, and corrosion.

Powerful High-Foam Pre-Wash Shampoo

Active foam pre-wash shampoo removes dirt safely and phosphate-free.

Quick Drying Agent for Car Wash

Quick drying agent speeds water removal, adds gloss and UV protection.

Insect Remover

Insect remover dissolves residues safely on glass, paint, and plastic.

Professional Series Tar Remover - 5L

Tar remover dissolves tar and grease gently on paint and underbody.

Iron Remover (Acid-Free) - 5L

Acid-free iron remover removes rust and brake dust without damaging paint.

Concentrated Car Wash Shampoo 1:200

Concentrated car wash shampoo cleans gently and is phosphate-free.

Premium Exterior Plastic Protectant

Plastic protectant restores color and shine with long-lasting protection.

 <p><b>Multi-Purpose Anti-Rust Lubricant</b></p> <p>Anti-rust lubricant cleans, loosens, and protects metal parts.</p>	 <p><b>Premium Leather Care Essence</b></p> <p>Leather care essence deeply nourishes and restores automotive leather.</p>	 <p><b>Automotive Air Conditioning Disinfectant</b></p> <p>AC disinfectant cleans, disinfects, and deodorizes air conditioning systems.</p>	 <p><b>Side &amp; Rear View Mirror Water Repellent</b></p> <p>Mirror water repellent drives away rain instantly for clear vision.</p>	 <p><b>Glass Oil Film Remover</b></p> <p>Glass oil remover cleans without scratching, ideal for detailing.</p>	 <p><b>Professional Air Conditioner Evaporator Cleaner</b></p> <p>Evaporator cleaner removes odors and debris efficiently for professionals.</p>
 <p><b>Premium Concentrated Windshield Washer Fluid 1:100</b></p> <p>Concentrated washer fluid ensures clear, safe driving views.</p>	 <p><b>Premium Nano Coating Kit</b></p> <p>Nano coating kit protects paint with lasting gloss and color.</p>	 <p><b>Crystal Paint Coating Kit for Nearly New Cars</b></p> <p>Hybrid mesh protection enhances shine and simplifies washing.</p>	 <p><b>Ultra-Concentrated Windshield Washer Fluid (1:100)</b></p> <p>Ultra-concentrated washer fluid cleans dirt and stains quickly.</p>	 <p><b>Concentrated Windshield Washer Fluid (1:10)</b></p> <p>Concentrated washer fluid cleans effectively without vehicle damage.</p>	 <p><b>Premium Leather Cleaner</b></p> <p>Leather cleaner restores smooth surfaces without color fading.</p>
 <p><b>Super Coating &amp; Crystal Care Kit CC36</b></p> <p>Dual-layer system provides flexible, long-lasting hydrophobic protection.</p>	 <p><b>Premium Foam Polishing Compound</b></p> <p>Foam polish removes dirt and scratches, restoring gloss.</p>	 <p><b>Professional Medium Polishing Compound</b></p> <p>Silicone-free polish removes swirl marks, restoring original shine.</p>	 <p><b>Premium Leather Care Kit</b></p> <p>Leather care kit cleans, conditions, and protects with UV defense.</p>	 <p><b>Interior Deodorizing and Air Conditioning Cleaning Kit</b></p> <p>Interior cleaner removes tough stains from all fabric and surfaces.</p>	 <p><b>Tire Shine &amp; Care Spray - Gloss Finish</b></p> <p>Tire spray cleans, restores color, and adds lasting gloss.</p>
 <p><b>Professional Scratch-Removing Matte Paste</b></p> <p>Scratch remover restores paint from stains and abrasions.</p>	 <p><b>Professional Diamond Car Care Solution</b></p> <p>Carnauba wax solution provides water repellency and mirror gloss.</p>	 <p><b>Professional Paint Surface Cleaner</b></p> <p>Quick spray cleans light dirt and enhances polish.</p>	 <p><b>Tire Sealant &amp; Inflator</b></p> <p>Tire sealant inflator quickly seals leaks and reinflates for emergencies.</p>	 <p><b>Microfiber Cleaning Cloth</b></p> <p>Microfiber cloth cleans surfaces streak-free and protects from scratches.</p>	 <p><b>Car Care &amp; Detailing</b></p>
 <p><b>Professional Glass Polishing Agent</b></p> <p>Glass polish removes scratches and restores clarity.</p>	 <p><b>Ambient Temperature Windshield Washer Fluid 1:2</b></p> <p>Glass cleaner removes dirt safely, prevents stains on all surfaces.</p>	 <p><b>Car Care &amp; Detailing</b></p>			

# New Energy Vehicle

720 Wh/kg All-Solid-State Lithium Metal Battery

A revolutionary all-solid-state battery for eVTOLs, offering world-leading 720 Wh/kg density and inherent safety.

Falcon Lithium Metal Solid-State Battery for eVTOL

Falcon solid-state battery powers eVTOLs with 480 Wh/kg density for extended range and safe operation.

High Energy Density Pouch Cell

High-performance pouch cell delivering 300-450 Wh/kg, ranking among top industry technologies.

3003-H14 Aluminum Case for New Energy Vehicle Blade Battery Cells

Durable 3003-H14 aluminum case enhances safety and longevity of blade batteries cost-effectively.

CS-IMSNPC Module Power Cycling Aging Test System

The CS-IMSNPC system tests power module reliability with multi-channel control and long-term verification.

Liansu supplies reliable AC/DC EV charging piles for home and commercial use.

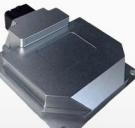

6.6kW Water-Cooled Dual-Function Onboard Charger (OBC + DCDC)

This 6.6kW water-cooled unit integrates OBC and DCDC, enabling efficient bidirectional EV charging.

Automatic Charging Robot

Robot autonomously finds and charges EVs, enabling fully automated station operation.

EVCC Communication Conversion Controller

EVCC controller converts global charging protocols for seamless cross-market vehicle charging.

Aggregated Charging Platform

Platform connects over 600,000 charging piles across 400+ cities for convenient EV charging.

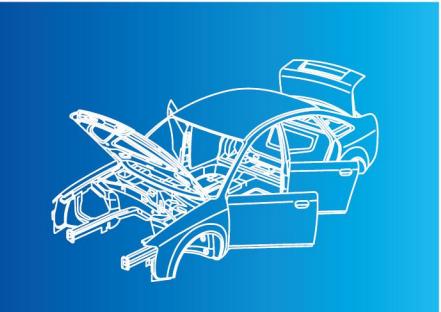

60KW/80KW/120KW/160KW European Standard EV Charging Pile

CE-certified 60-160KW DC pile supports OCPP and full-power fast charging.

Portable On-Board Charging Gun - 3.5kW One Gun

Compact 3.5kW portable charging gun enables stable EV charging anywhere.

7KW / 11KW / 22KW EU Standard Charging Pile

CE-certified AC pile for EU homes and businesses, featuring smart remote management.

AC Charging Pile - 11kW One Gun

Efficient 11kW AC charging pile, ideal for safe home and small-scale use.

Split DC Charging Pile - 1200kW

1200kW split DC pile offers flexible, ultra-high-power charging for large stations.

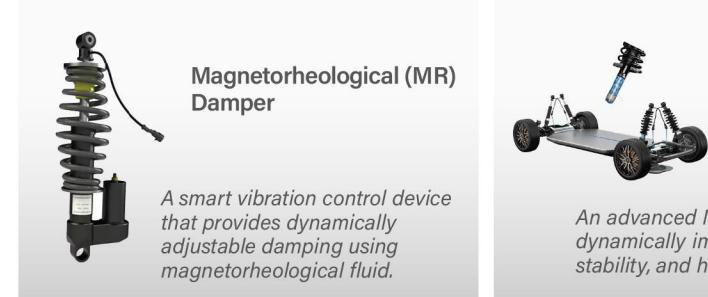

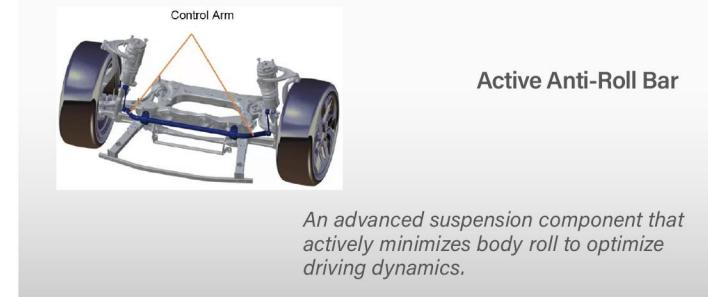

Integrated DC Charger - 40kW Two Gun

40kW integrated DC charger with dual guns for fast public/commercial charging.

Wall-Mounted / Column DC Charger - 7kW Single Gun

7kW wall/column DC charger suits EVs without onboard chargers.

## Car Interior

### Automotive Seat Cushion

Premium automotive seat cushion for enhanced comfort and protection. Anti-slip, durable, and perfect for all car seats.

### Airplane Soft Upholstered Floor Mats

Custom-fit for easy installation, featuring durable materials and a secure non-slip backing.

### Complete Car Interior

A customizable interior package tailored to your car model, enhancing both style and comfort throughout the cabin.

### Automotive Interior Edge Trim

Luxury suede/Alcantara trims offer durability, color consistency, and a premium feel from our own source factory.

### Premium Automotive Car Seats - Comfort, Safety, and Style

Premium car seats provide exceptional comfort, support, and safety through ergonomic design and quality materials.

### Full-Coverage Car Floor Mats - Luxury All-Weather Automotive Protection

360° full-coverage mats protect floors from dirt and wear with soft, durable materials and a seamless fit.

### Dashboard Sunshade Mat

This sunshade mat reduces dashboard glare and heat, protects from UV rays, and enhances driving safety.

### Durable Rubber Car Floor Mat - "Niujin" Series

"Niujin" durable rubber mats offer exceptional wear resistance for automotive, home, and hotel use.

### Pyramid Pattern PVC Car Floor Mat Roll

Pyramid-pattern PVC mat rolls provide excellent anti-slip protection for Audi and compatible models in multiple colors.

### Quilted Leather Roll Material

Quilted leather rolls with foam padding are soft and durable for automotive, furniture, and decorative applications.

### TPE Full Coverage Floor Mats

New TPE mats are eco-friendly, odorless, and offer all-weather protection with a perfect fit and easy cleaning.

### Carbon Fiber Car Seats

Upgrade your vehicle with carbon fiber car seats. Lightweight, strong, ergonomic, and stylish for luxury and performance vehicles.

### 3D Breathable Car Seat Cover

3D Breathable Car Seat Cover provides comfort, airflow, and protection for vehicle seats, enhancing both interior aesthetics and driving experience.

### Premium Professional Steering Wheel Cover

Premium Professional Steering Wheel Cover provides superior comfort, protection, and style, enhancing both grip and aesthetics for your vehicle.

### Back-Coated Wrinkle-Resistant Original Car Color Leather

Back-Coated Wrinkle-Resistant Original Car Color Leather restores vehicle interiors with premium, smooth, and color-matched upholstery.

### TPE Car Floor Mat

TPE Car Floor Mats provide durable, eco-friendly protection for vehicle interiors, keeping floors clean, safe, and comfortable.

### Automotive Mat Material

High-quality mat roll material for custom-fit mats. Durable, water-resistant, anti-slip, and easy to clean for all vehicles.

### Professional Car Floor Mats

High-quality professional car floor mats protect your vehicle from dirt, water, mud, and wear. Custom-fit, durable, non-slip, and easy to clean for all car models.

### Zixiangyuan Aromatherapy

Focus on aromatherapy development and innovation.

### Bairuixiang foot pad edging strip

Bairuixiang edging strip ensures no shrinkage or fading, offering a precise fit and stable quality for diverse needs.

### Car Mat Materials

These materials provide a balance of protection, comfort, and longevity, making them ideal for all types of vehicles.

### Intelligent Multimedia Screen

This multimedia screen enhances in-car entertainment with voice control, online music, and 360° monitoring for superior integration.

### Bondi Oil-Free Sewing Thread

Bondi oil-free sewing thread for leather and automotive use, reducing breakage and improving colorfastness under high temperatures.

### Brown Double-Seat Wooden Bead Cushion

High-quality brown wooden bead cushion for double seats. Breathable, cooling, durable, and comfortable for cars, offices, or home use.

### Steering Wheel Cover

Premium steering wheel cover for a comfortable grip and stylish look. Matches original car color, easy to install, and protects your steering wheel.

### Hand-Sewn Handle Cover Edge Pusher

A precision hand-sewing tool for tucking edges on steering wheels and leather projects, achieving a professional finish.

**Neck and Lumbar Support Set**

Ergonomic neck and lumbar support set for cars. Enhances driving comfort, reduces fatigue, adjustable, and suitable for all vehicle seats.

**Car Headrest & Lumbar Support**

Ergonomic car headrest and lumbar support cushion for enhanced driving comfort. Adjustable, durable, and ideal for all vehicle seats.

**Car Seat Armrest**

Enhances driver comfort during driving, providing ergonomic support for a more relaxed and enjoyable ride.

**Backrest cushion made of bamboo slices**

Made with bamboo slices, providing a natural and breathable texture.

**Genuine Leather Anti Coating**

Deep nourishment, self-cleaning and dirt-resistant, good breathability, anti-fading, anti-aging, wear-resistant and scratch-resistant.

**Car cover nano coating**

Effortlessly removes surface stains, reducing the difficulty of cleaning stubborn marks on various car body films.

**Car Floor Mat Roll Material**

Colorless, odorless, and environmentally friendly.

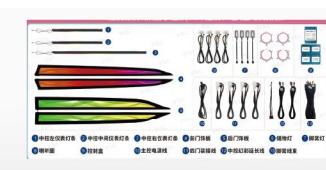

**Automotive Soundproofing Materials**

Eco-friendly and high-performance soundproofing, sound-absorbing, and thermal insulation materials.

**Wool Car Mats**

Comfortable, aesthetically pleasing wool carpet that is both eco-friendly and durable.

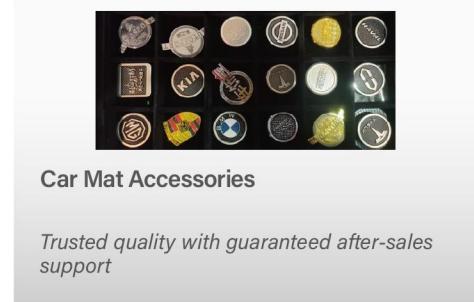

**Car atmosphere light**

Various control methods: button/screen control/mini program/APP control 64 colors

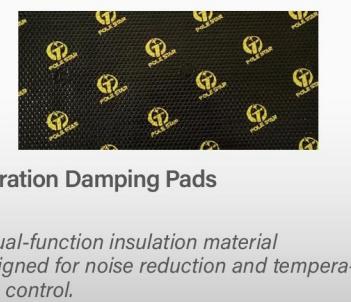

**Super Atomization**

Bai Teje Super Atomization can kill bacteria and microorganisms hidden in the corners, gaps and pipes of the car, improving the air quality in the car.

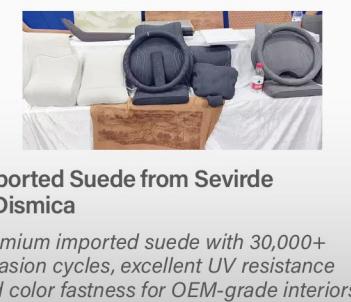

**Car Mat Accessories**

Trusted quality with guaranteed after-sales support

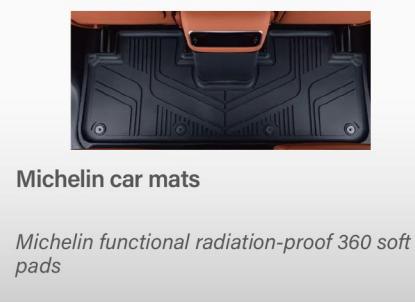

**Vibration Damping Pads**

A dual-function insulation material designed for noise reduction and temperature control.

**Imported Suede from Sevirde & Dismica**

Premium imported suede with 30,000+ abrasion cycles, excellent UV resistance and color fastness for OEM-grade interiors.

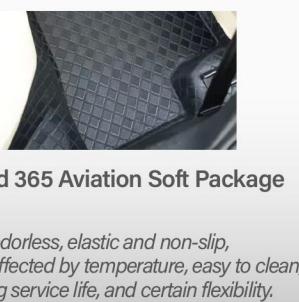

**Michelin car mats**

Michelin functional radiation-proof 360 soft pads

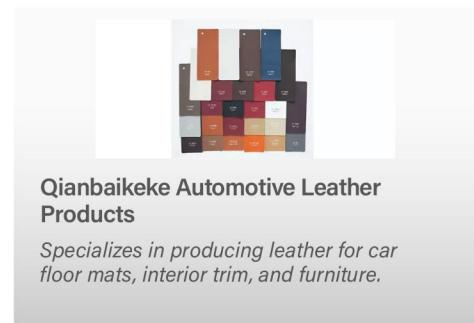

**Kimura Zone**

Nano leather new material.

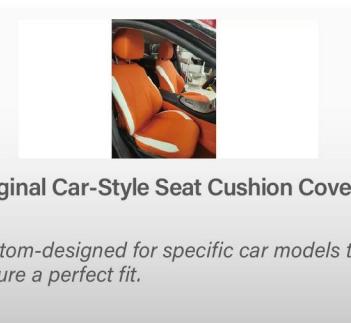

**TPE Molded 365 Aviation Soft Package Floor Mats**

Non-toxic and odorless, elastic and non-slip, anti-static, not affected by temperature, easy to clean, good touch, long service life, and certain flexibility.

**Qianbaikeke Automotive Leather Products**

Specializes in producing leather for car floor mats, interior trim, and furniture.

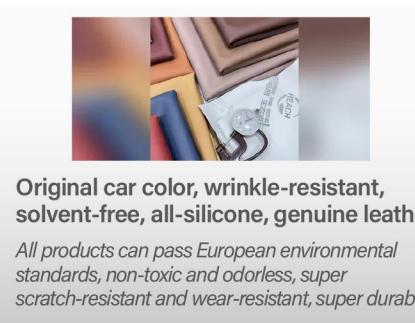

**Original Car-Style Seat Cushion Covers**

Custom-designed for specific car models to ensure a perfect fit.

**Car Sunshade Curtains & Insect Net**

Full-vehicle privacy sunshade and canopy-style sunshade.

**Original car color, wrinkle-resistant, solvent-free, all-silicone, genuine leather.**

All products can pass European environmental standards, non-toxic and odorless, super scratch-resistant and wear-resistant, super durable.

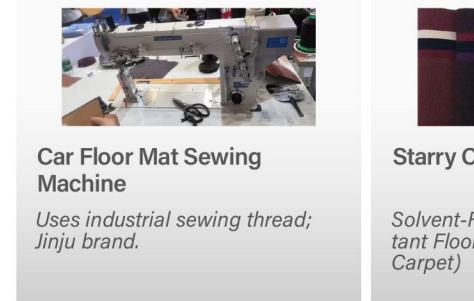

**Car Floor Mat Materials**

Features a gecko-like grip with a non-slip silicone base, offering strong adsorption for safety without long-term collapse.

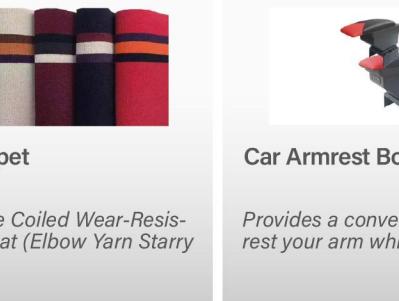

**Car air freshener**

This air freshener eliminates odors and provides a long-lasting, pleasant fragrance for a comfortable driving atmosphere.

**Car Floor Mat Sewing Machine**

Uses industrial sewing thread; Jinju brand.

**Starry Carpet**

Solvent-Free Coiled Wear-Resistant Floor Mat (Elbow Yarn Starry Carpet)

**Car Armrest Box**

Provides a convenient place to rest your arm while driving.

**Steel Wire Seat Cushion**

Made from pure steel wire weaving, it does not collapse, is ventilated and breathable, and the wires do not hurt the skin.

## Car Interior

## Automotive Film Application

### Rainproof & Anti-Fog Film - Customizable Size

This film repels rain and prevents fog, can be custom-sized, and maintains high clarity for safe driving.

### Headlight Protection Film

This durable film protects headlights from UV rays, scratches, and impacts while maintaining high clarity.

### Custom Car Wraps - Personalized Vehicle Design & Styling

These customizable film wraps transform your car's look with vibrant designs while protecting the original paint.

### Color-Changing Car Wrap Film - Vibrant & Customizable Vehicle Film

This wrap changes color dynamically for unique expression, with durable, easy application.

### Mdoubont V Series Film - Single-Layer Magnetron Sputtering Automotive Window Film

This film uses precious metal sputtering to provide continuous heat reflection, keeping the cabin cooler.

### Mdoubont Enjoyment Series Film - Double-Layer Magnetic Control Automotive Window Film

Liansu supplies reliable AC/DC EV charging piles for home and commercial use.

### Paint Protection Film (PPF) - High-Performance Automotive Paint Shield

This high-grade film offers scratch resistance, self-healing, and UV protection, preserving your paint's gloss.

### XED PPF Film - Premium Automotive Paint Protection Film

XED PPF film protects paint from scratches, chips, and UV rays while maintaining high gloss and clarity.

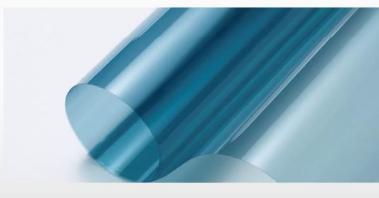

### Mingtu Paint Protection Film - Premium Automotive Paint Film

A durable metal film offering superior heat reflection and optical clarity for enhanced driving comfort.

### Paint Protection Film / PPF for Vehicles

The flexible film conforms perfectly to curves, offering durable protection that maintains a showroom look.

### Automotive Window Film - High-Performance Protective Car Tint

This premium film, backed by 20 years of innovation, provides all-around heat, UV, and privacy protection.

### Automotive Heat Insulation Film - One-Way Vision Privacy Protection

Offers one-way mirror vision for excellent privacy while maintaining clear outward visibility day and night.

### Nano-Ceramic Magnetic Silver Front Windshield Film

A high-performance windshield film that reflects over 90% of heat to lower cabin temperature effectively.

### D-Series Automotive Front Windshield Film

Provides anti-shatter protection, blocks UV rays, and features optimal shrinkage for easy installation.

### E-Series Magnetic Carbon Automotive Side Window Film

Offers privacy with one-way vision, blocks infrared heat, and provides anti-shatter safety for side windows.

### N-Series Automotive Side Window Film

A high-performance protective film designed for vehicle side windows and sunroofs.

### Magnetic-Controlled Silver Automotive Front Windshield Film

Uses advanced optical technology for excellent heat insulation, low reflectivity, and high transparency.

### Safety & Anti-Shatter Protective Film

Enhances glass safety by increasing shatter resistance and provides one-way vision with UV protection.

UV400 Skin Protection Automotive Film

Protects skin with high heat insulation and excellent clarity, free from blue light glare.

Premium Magnetron Automotive Side & Rear Window Film

A high-performance protective film for automotive side and rear windows.

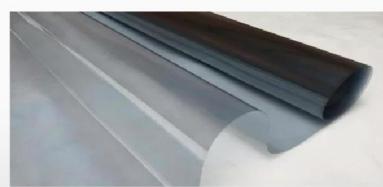

Automotive Sunroof Film

Blocks heat and UV rays, reduces glare, and improves safety with anti-shatter performance for sunroofs.

Car Window Film

Upgrades vehicles with heat rejection, UV protection, glare reduction, and privacy in a durable film.

Full UV Protection Front Windshield Film

Specifically designed to safeguard drivers and passengers from harmful ultraviolet rays.

High Heat Rejection Front Windshield Film

Designed to significantly enhance driving comfort and safety through superior heat rejection.

Automotive Heat-Insulating Window Film

Blocks heat and UV rays, reduces glare, and enhances comfort and privacy for car interiors.

Auto Color Change Film

Transforms your car's look with scratch-resistant, self-healing protection in multiple finishes.

BOP Color-Shift Vehicle Wrap  
Features stunning color-shifting effects, with scratch resistance, UV protection, and self-healing.

SP Original Color Magnetron Automotive Film

A high-performance protective film for automotive side windows and sunroofs.

Nano Ceramic Magnetron Silver Front Windshield Film

Designed to enhance driving comfort and safety as a high-performance automotive film.

Automotive Safety Window Film

Safeguards occupants and enhances the durability of automotive glass.

BOP Security & Heat-Insulating Window Film

Provides heat insulation, UV protection, and safety reinforcement for vehicles and buildings.

DuPont Automotive Window Film

Delivers high heat rejection, UV protection, glare reduction, and enhanced privacy for all vehicles.

Tinted Automotive Window Film

A high-performance protective film for automotive side windows and sunroofs.

Paint Protection Film (PPF) for Automotive

An invisible, self-healing urethane film that protects against rock chips, scratches, and contaminants.

FangTaike TPU Sunroof Ice Shield Series

For sunroofs: superior heat insulation, UV protection, self-healing, and an easy-to-clean surface.

FangTaike TPU Paint Protection Film (Glossy / Matte) - Multiple Specifications

Protects car paint with scratch resistance, heat-activated self-healing, and a hydrophobic coating.

FangTaike Basic TPU Color Change Wrap C1919 (7.5mil)

Enhances glass safety by increasing shatter resistance and provides one-way vision with UV protection.

Window Film for Automotive

Enhances cars with heat rejection, UV protection, glare reduction, privacy, and a stylish appearance.

TPU Color Changing Film

Offers paint protection, scratch resistance, self-healing, and stylish finishes in multiple colors.

## Automotive Film Application

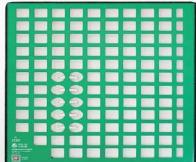

**High-Performance Spark Plugs – Reliable Ignition for Engines**

High-performance spark plugs ensure reliable ignition, enhancing engine combustion efficiency and response.

**High-Flow Oxygen-Enriched Air Filter for Engine**

High-flow air filter boosts engine power and combustion efficiency.

**VIDAK Smart Car Fresh Air System**

Smart air system purifies cabin air and removes odors intelligently.

**Spark Plug**

Spark plugs ensure smooth ignition and improve fuel efficiency.

**Brake Caliper**

Brake calipers enhance braking power and heat management.

**Brake Pad**

Ceramic, semi-metallic and NAO brake pads provide quiet, powerful stops.

**Brake Disc**

Brake discs feature slotted/drilled designs for heat dissipation and safety.

**Reduction gear**

These products offer lifetime stability and require no maintenance.

**Disc Brake Assembly**

Modular brake assembly cuts costs and fits a wide range of vehicles.

**Windshield wipers**

High-quality windshield wipers ensure quiet, smooth operation and provide clear visibility in all weather conditions.

**DL801Q – Heavy-Duty Drive Tire for Short-Distance Dump Trucks**

1. DL801Q tire delivers strong traction and stability for dump trucks.

**DL918 – Heavy-Duty Drive Tire for Dump Trucks**

2. DL918 tire offers durability and heat resistance in off-road conditions.

**DL928 – Heavy-Duty Drive Tire for Dump Trucks**

3. DL928 tire provides robust traction and wear resistance on rough terrain.

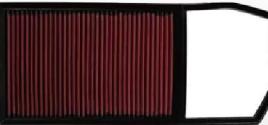

**DW501 – Winter Tire for Ice and Snow Performance**

4. DW501 winter tire ensures reliable traction on ice and snow.

**DW201 – Premium All-Season Touring Tire**

5. DW201 all-season touring tire focuses on comfort and safety.

**High-Flow Air Filter**

6. High-flow air filters enhance engine power and filtration.

Car Cabin Air Filter

7. Cabin air filter purifies interior air and blocks allergens.

High-Flow Oxygen-Enriched Air Filter for Engine

8. Oxygen-enriched filter boosts horsepower and improves combustion efficiency.

Air Deer Air Purifier

The Air Deer Air Purifier is specifically designed for automotive air quality.

Brake Disc & Brake Caliper

High-quality brake discs and calipers ensure superior stopping power and safety.

Shock Absorber

Provides a unique driving experience for RVs and off-road vehicles.

DuPont Frameless / Beam Wiper Blade

DuPont frameless wiper blades offer quiet, streak-free cleaning in all weather.

Universal Automotive Wiper Blade

Universal wiper blade provides durable, corrosion-resistant, and quiet performance.

Transmission

Operates efficiently above 98% with noise below 75dB and high torque density.

R04 Multi-Function Rear Wiper Blade

R04 rear wiper ensures clear visibility and is weather-resistant.

DW25 – Off-Road Tire for Extreme Terrain Performance

DW25 off-road tire delivers exceptional traction and control on tough terrains.

DW21 – Urban SUV Tire for Comfort and Control

DW21 SUV tire focuses on comfort, low noise, and smooth rides.

KINFOREST KF550 – High Performance Tire

KINFOREST KF550 tire ensures high-speed stability and short braking distances.

KF717 Tire

KF717 tire provides excellent wet and dry grip with precise handling.

WILDCLAW A/T Tire

The WILDCLAW A/T tire delivers reliable all-terrain traction, on-road stability, and durable all-season performance for versatile driving control.

## Fast-Moving Parts & Auto Repair Equipment

Testing Instruments & Equipment

Professional provider of coating inspection and ultrasonic NDT equipment for industrial and laboratory precision measurement needs.

Tire Changer

Safely and efficiently removes and installs tires for automotive repair shops and tire service centers.

Automatic Hose Reel

Automatically retracts and stores hoses, keeping work areas tidy and improving operational efficiency and safety.

Quick Refill & Recovery Machine

Integrates refilling and recovery functions for efficient handling of refrigerants in automotive AC maintenance.

LED Decoder

C20 LED Decoder eliminates flickering and fault codes for H4, H7, H11, H13 bulbs across various vehicles.

Dual-Color High-Brightness LED Light

L1B/LW5B Dual-Color LED offers powerful yellow-white beams for Toyota fog and reverse lights.

TW-305 Bi-Beam Projector Lens Control Wire

TW-305 Control Wire upgrades standard H11 fog lights to dual-beam projector systems.

Universal Turn Signal Flasher

Automotive LED electronic flasher relays, CF15 universal type.

Car AC Evaporator No-Disassembly Cleaning Endoscope

No-Disassembly Cleaning Endoscope inspects and cleans AC evaporators with HD visuals and spray.

High-Definition Endoscope

HD Endoscope with flexible probe and LED lights for hard-to-reach automotive and industrial areas.

Permanent Magnet DC Motor (PMDC Motor)

High-performance PMDC Motor for automotive and industrial use, offering efficient and reliable operation.

Autonomous Mining Truck

Autonomous Mining Truck improves safety and efficiency through precise navigation and obstacle avoidance.

Intelligent Connected Vehicle Antenna

High-precision Vehicle Antenna supports GNSS, 5G, V2X for automotive IoT and L3 autonomous driving.

PDGaiA Autonomous Driving Precision Simulation & Testing Platform

PDGaiA provides high-accuracy simulation for autonomous driving to reduce real-road testing needs.

Wireless Voltage and Temperature Detection

Wireless Sensor reduces battery pack weight and cost for enhanced EV and energy storage monitoring.

Onboard Ultrasonic Radar Production Line

Ultrasonic Radar Production Line increases efficiency by 60% and reduces labor by 90%.

Ultra-High Range Monolithic Chip-Level Current Sensor CC6926

CC6926 Current Sensor features 300A peak measurement, 5KV isolation, and xFault protection.

Intelligent Electronic Rearview Mirror

Intelligent Electronic Rearview Mirror reduces blind spots and improves visibility in harsh conditions.

ESC Electronic Stability Control System

ESC System prevents skidding and loss of control for improved vehicle stability and safety.

MOC-EPB: Caliper-Integrated Electronic Parking Brake System

MOC-EPB offers precise electronic parking brake control for enhanced safety and convenience.

EHB Drive-by-Wire Electronic Hydraulic Braking System

Tongyu EHB provides fast-response electronic hydraulic braking for intelligent vehicle chassis.

iEHB Integrated Electronic Hydraulic Braking System

Tongyu iEHB offers precise electronic hydraulic braking to improve vehicle safety and control.

CAN FD Transceiver MCAN1462

MCAN1462 CAN FD Transceiver supports 10 Mbps for reliable high-speed automotive communication.

Automotive-Grade Crystal Oscillator

Automotive-Grade Crystal Oscillator certified for ABS, ESC, and infotainment systems to enhance safety.

Monocular 3D Camera

Monocular 3D Camera is compact and low-power for DMS, OMS, and surround view applications.

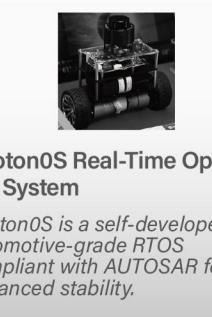

Photon Middleware

Photon Middleware provides high-performance software components for autonomous vehicles and complex electronics.

PhotonHypervisor Virtual Machine Manager

PhotonHypervisor automotive virtual machine manager runs multiple OS on a single SOC to reduce weight.

PhotonOS Real-Time Operating System

PhotonOS is a self-developed automotive-grade RTOS compliant with AUTOSAR for enhanced stability.

RapidECU-S5 High-Performance Chassis Domain Control Unit - One-Stop Solution

RapidECU-S5 High-Performance Chassis Controller features ASIL-D safety and Ethernet support.

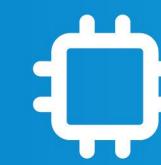

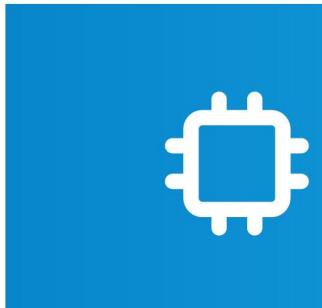

YTM32B1M Yuntu 32-Bit Automotive MCU

YTM32B1M is China's first ASIL-B certified 32-bit automotive MCU with encryption support.

High-Power Wireless Charging Equipment

Automotive High-Power Wireless Charger enables automatic charging and smart garage management.

Yingrui In-Vehicle Thermal Imaging Night Vision System

In-Vehicle Thermal Imaging Night Vision provides all-weather collision warnings with 200m detection.

Xwave Ruichuang In-Vehicle Thermal Imaging CV201 - AI Infrared Camera for Vehicles

Xwave CV201 AI Infrared Thermal Imaging offers ultra-clear resolution and >92% recognition rate.

**HSD High-Side Driver WS7 Series**

WS7 Series High-Side Driver offers protection and precision current detection for vehicle control.

**Intelligent Automotive High-End Controller Chips - MCU, HPU, DPU**

Automotive-Grade Controller Chips cover ASIL-B to ASIL-D for next-generation intelligent vehicles.

**Ultrasonic Radar Assembly Testing Line**

Ultrasonic Radar Automated Production and Testing Equipment.

**Seven-Axis Integrated Navigation Microsystem GIP100**

GIP100 navigation microsystem integrates GNSS and 6-axis inertial sensors in compact LGA80 package.

**Car Dash Cam**

Feige Dash Cam with power-off storage and time-lapse recording for 24/7 vehicle protection.

**Park Lithium Battery**

Truck Parking AC Power provides energy for summer cooling without affecting winter startup.

**License Plate Fastener**

License Plate Screws securely fasten plates to vehicles for stability and safety.

**Battery Tester**

Battery Tester measures AGM/EFB start-stop batteries for different battery types.

**High-Performance GNSS/INS Integrated Navigation GI320**

GI320 delivers automotive-grade GNSS/INS integrated navigation with full-system RTK support.

**Smart Pixel Headlight Optical Module**

LED Headlight Module features adaptive beams and anti-glare for safer nighttime driving.

**Kangluyuan Car Water Dispenser**

Smart Car Water Dispenser for an easy and convenient in-vehicle water experience.

**Philips 360° Panoramic Navigation**

A well-known consumer brand offering high cost-performance ratio.

**Philips Dash Cam**

A well-known consumer brand with high cost-performance ratio.

**Same-Side High-Efficiency Double Lamp Cup**

Upgraded Structure with side-locking screws and dual fans for efficient heat dissipation.

**High-Precision Temperature & Pressure Measurement ADC**

High-Precision ADC integrates temperature sensors for lithium battery monitoring and safety.

**PowerDS-Power Deterministic Scheduling**

PowerDS deterministic scheduling ensures microsecond-level real-time control for autonomous driving.

**T-BOX Intelligent Terminal**

Raysees T-BOX Intelligent Terminal supports pure BeiDou for real-time vehicle data collection.

**Automotive Current Sensor Magnetic Core**

Automotive Current Sensor Magnetic Core features high accuracy and strong anti-saturation ability.

**Portable EV Charging Gun**

Adjustable Power Device with temperature monitoring, protection, and high output.

**Tire pressure sensors**

Uses Freescale chips, imported batteries, electric poles, and valves.

**Parking Radar**

Provides accurate detection and stable performance.

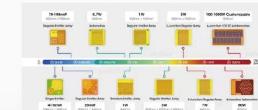

**Industrial Endoscope**

Industrial Endoscope with 360° probe, supports photo/video, and is IP67 waterproof.

**Mechanical Sensor**

Mechanical Force Sensor offers superior fatigue resistance for high-precision measurement applications.

**VCSEL Light Sources**

VCSEL Light Sources deliver precise illumination for automotive and industrial sensing applications.

**Power NTC Thermistor**

Power NTC Thermistors with fast response and high reliability for EV chargers and power supplies.

**Ruqi Autonomous Driving Solution**

Ruqi Autonomous Driving Solution provides a one-stop engine for data collection and management.

**LED Headlights, Lens, Module**

Shilan Car Lights: Genuine materials, true quality, consistent excellence.

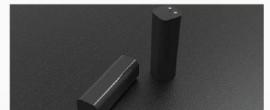

**DuPont Frameless Wiper Blade**

Dupont's multifunctional car-specific boneless wipers have a classic streamlined aesthetic design with a simple and lightweight shape.

The Air Deer Air Purifier is specifically designed for automotive air quality.

**Waterproof Long-Standby GPS Tracker**

Compact GPS Tracker with multi-system support, waterproof, for vehicle and asset tracking.

**Omnidirectional Collision Sensor**

Omnidirectional Collision Sensor ensures 99%+ accurate accident detection for connected vehicles.

**Car Electric Kettle**

Luyou Car Electric Kettle, compatible with 12V/24V vehicle systems.

**New Energy Vehicle Water Heating System**

New Energy Vehicle Water Heater Unit, specifically designed for new energy vehicles.

## Auto Electronics

## Car Premium Accessories

Chinese-Style Car  
Cushion – Elegant  
Vehicle Interior  
Pillow

The Chinese-Style Car Cushion blends traditional motifs with modern comfort for ergonomic neck or back support.

360° Full-Coverage  
Automotive Floor Mats  
– Premium Comfort &

The 360° Full-Coverage Automotive Floor Mats provide a luxurious feel and enhanced interior aesthetics with soft, high-grade carpet.

Rear Window Mesh  
Sunshade – Universal  
Car Rear Window  
Cover

The Rear Window Mesh Sunshade blocks UV rays and sunlight while allowing airflow to keep the cabin cool.

PVC Car Side Window  
Sunshade – Universal  
Vehicle Window Cover

The PVC Car Side Window Sunshade enhances privacy and protects from harsh sunlight with a minimalist, durable design.

Silver-Coated Car Sun & Snow  
Shield – Front Windshield Dust  
and Snow Protector

The Silver-Coated Car Sun & Snow Shield protects the windshield from sun, dust, and frost with reflective cloth.

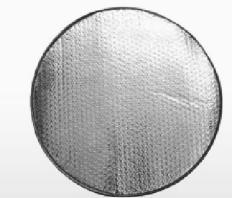

Magnetic Half-Cover Car  
Snow & Ice Shield – Oxford  
Cloth Front Windshield  
Protector

The Magnetic Half-Cover Car Snow & Ice Shield uses a magnetic system for easy installation and protection from snow and frost.

Oxford Cloth Car Snow & Sun Shade

The Oxford Cloth Car Snow & Sun Shade is a durable windshield protector against sunlight, UV rays, and snow.

Universal Steering  
Wheel Sunshade Cover

The Universal Steering Wheel Sunshade Cover is made from PET film to reflect sunlight and keep the wheel cool.

Double-Ring Laser Car Sunshade

The Double-Ring Laser Car Sunshade uses titanium-silver fabric and steel ribs for durable heat and UV protection.

Heavy Truck PET Sunshade

The Heavy Truck PET Sunshade lowers cabin temperature and prevents dashboard fading in trucks.

PE Gradient Car Sunshade

The PE Gradient Car Sunshade reduces cabin temperature and protects the interior from heat and UV damage.

Laser Film Car  
Sunshade – Front  
Windshield Protection

The Laser Film Car Sunshade reflects sunlight effectively to keep the car cabin cooler.

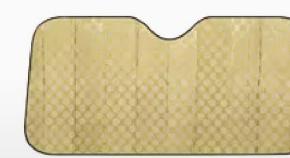

High-Grade PET Bubble  
Car Sunshade – Front  
Windshield Protector

The High-Grade PET Bubble Car Sunshade combines film and bubbles to reflect sunlight and reduce cabin temperature.

5-Layer Thickened PET  
Bubble Sunshade

The 5-Layer Thickened PET Bubble Sunshade offers superior protection and can be customized with a branded logo.

PET Aluminum  
Bubble Sunshade

The PET Aluminum Bubble Sunshade reflects sunlight to protect the dashboard and seats from heat and fading.

**Car Front Windshield Umbrella-Style Sunshade**

The Car Front Windshield Umbrella-Style Sunshade uses silver-coated fabric to reflect sunlight and heat.

**Car Air Freshener Perfume**

The Car Air Freshener Perfume provides a long-lasting scent with an elegant glass design for the interior.

**Alcohol-Free Dark Elf Car Air Freshener Perfume**

The Alcohol-Free Dark Elf Car Air Freshener features a minimalist glass bottle design for a refined aroma.

**Automotive Key Case / Car Key Holder**

Premium car key case made from high-quality materials to protect keys from scratches and wear.

**Car Vent Clip Air Freshener**

The Car Vent Clip Air Freshener clips onto air vents to diffuse fragrance through the airflow.

**Double Arch Wooden Cap Car Air Freshener Perfume**

The Double Arch Wooden Cap Car Air Freshener has a wood-grain cap and glass bottle for a sophisticated scent.

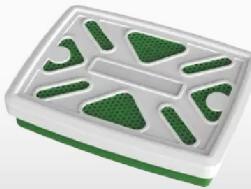

**Haoshun Osmanthus Air Freshener**

Premium Haoshun Osmanthus air freshener made from natural osmanthus extract for a long-lasting, authentic fragrance.

**Air Freshener and Deodorizer**

Safe for use in vehicles, homes, and office environments.

**Honeycomb Air Freshener and Deodorizer**

Efficiently eliminates unwanted odors.

**Car Sunshade**

Newly developed cooling fabrics use physical materials to block UV rays for better shading and cooling.
