# Bullsone

Korean No.1 Car Care Company

## | Create a future beyond expectations!

Bullsone, the company that the future pays attention to the history of Bullsone has been one of overcoming a series of challenges. Bullsone has grown into the industry's No.1 business by exploring new markets within the auto care products industry. It's eco-friendly products, deriving from the will to care for customers, society and environment, have set the trend in the market. Bullsone's diverse brands and it's new, fresh marketing have helped the company with the hearts and minds of customers and Bullsone is spreading a car care culture through the "Love My Car" Campaign with consumers. Now Bullsone wants to write a new history in the global auto care market as the world's best auto care products enterprise.

## | Partners in the World.

Welcomes world-class partners with the right offering and skill sets in auto after market for creating new business opportunities and collaboration on project.

## | LOVE MY CAR CAMPAIGN

'Love My Car' is a Bullsone Brand Campaign to spread the proper car management culture for the healthy, safe and pleasant car life of the drivers.

# Bullsone # Love My Car  
# Everything for your car

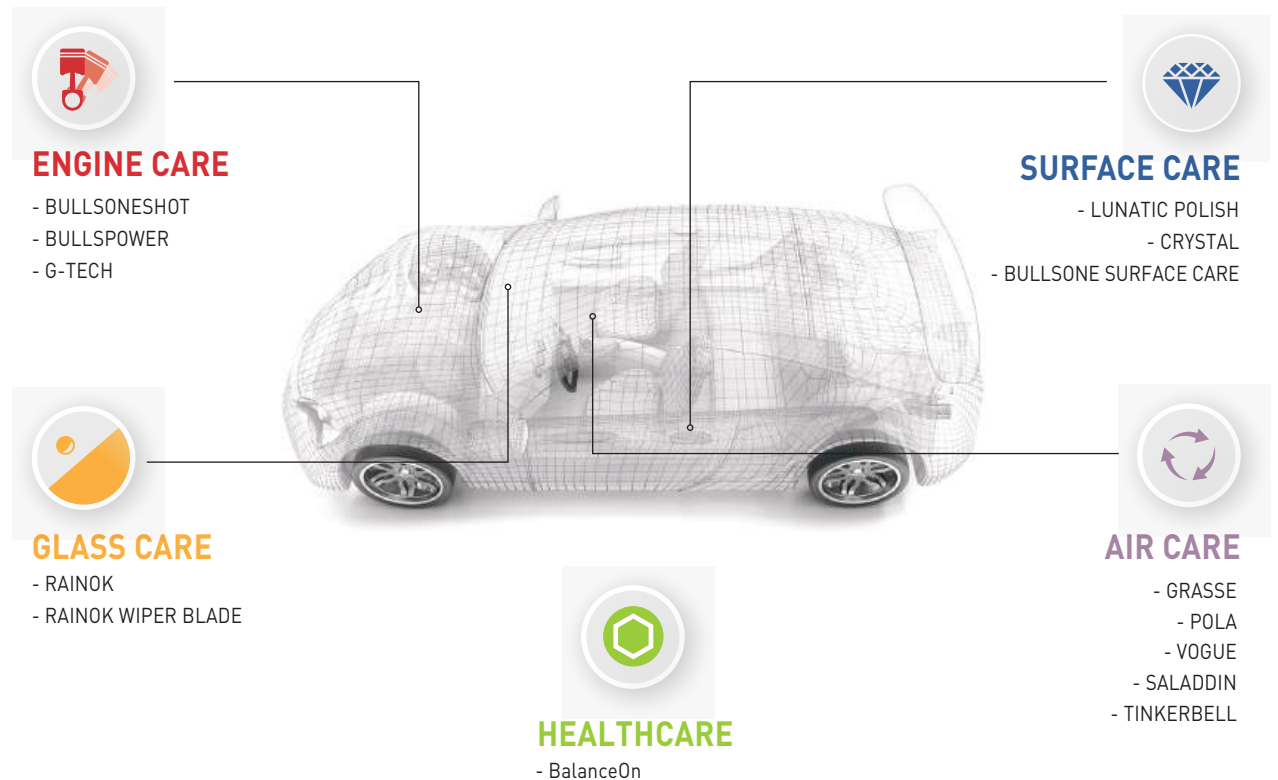

## | AUTOMOTIVE SUPPLIES SPECIALIZED R&D CENTER

"Realizing the customer needs through innovative technology to create new value"  
Creative and innovative technologies are researched and developed into products and services, to provide the customers and enabling them to enjoy safer, more comfortable and eco-friendly life with their car. Outstanding research experts of automotive supplies are cultivated to provide technologies, products and services of competitive advantage for the present and future. We continuously strive to develop differentiated new products to realize innovative and creative ideas and concepts preferred by the consumers.

# TOTAL CAR CARE SOLUTION

## FOR MORE DRIVING PLEASURE!

Bullsone has a professional brand and technology to take care of all parts related to driving

## Green Certification

Green Certification certifies technologies related to the green industry fields such as photovoltaic, wind power, marine energy, BIO energy and CO2 collecting technology, etc., and the certification procedure is performed by each evaluation agency designated by the government.

Bullsone's main product of engine cleaner, Bullsoneshot was acknowledged for reducing the vehicle fuel consumption and also the emission of CO2, and has also acquired the Green Certification for the first time in the industry in the fuel additive sector.

# Bullsoneshot

Bullsoneshot : Complete Fuel System Cleaner

KEEP YOUR ENGINE CLEAN  
LIKE A NEW CAR!

01

## Features

**BULLSONESHOT** removes harmful carbon deposit in your car engine and recovers original performance of the car like the new. Enjoy your driving with **BULLSONESHOT**!

## Benefits of BULLSONESHOT

- Uprates Power : 2.81% output enhancement
- \* KATECH test result

- Improves Fuel Efficiency : 2.8% mileage improvement
- \* KATECH test result (Base fuel: gasoline)

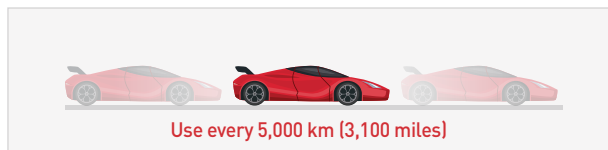

- High Cleaning Performance & Reduced Exhaust Emissions : 5.68% THC, 14.9% CO & 5.15% NOx reduction
- \* U.S. Intertek test result (IVD): 73% cleanliness

- Over the past decade, **BULLSONE** has conducted more than 100 official tests, on various car models, by 6 Various global certified testing agencies (e.g. TUV GERMANY, KATECH, U.S. Intertek, UK's Tickford, ETF, Chinese CRAES, VETC, etc.), and provided its excellence.

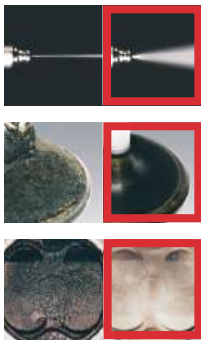

\* KATECH: Korea Automotive Technology Institute

## 4 Steps of using BULLSONESHOT

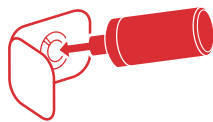

## Before & After

1. INJECTOR  
Removes carbon residues, maintaining proper fuel atomization and complete fuel combustion.
2. AIR INTAKE VALVE  
Restores smooth and elaborate air intake.
3. COMBUSTION CHAMBER  
Improves combustion performance

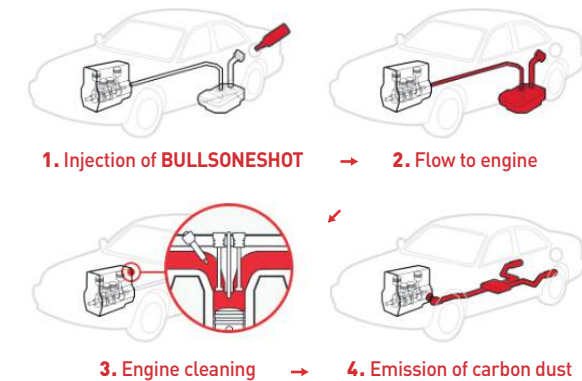

□ With carbon deposit  
■ After BULLSONESHOT injection

## Working Principles of BULLSONESHOT

Must pour into  
Fuel Tank!

\* Did you know that there is no contact between an engine oil line and a fuel line inside of an engine? In order to keep a car engine as good as new, both regular engine oil management and engine cleaner management, which is intended to remove the fuel line's carbon deposit, are required.

\* Recommended usage: 7.14 ml of Bullsoneshot per 1.0 Liter of fuel (ex: 1 bottle (500ml) Bullsoneshot = Covers about 71.0 Liters of fuel tank)

70000 Ver.

## BULLSONESHOT 70000

500 ml (16.91 fl.oz)

- Optimized for high mileage over 70,000km (43,500 miles)
- Prevents fuel oxidation(fuel stabilizers prevent gum and sludge caused by fuel oxidation)
- TUV certified

- G** GDI Booster / Octane rating improver
- D** CRDI Booster / Cetane rating improver

STANDARD Ver.

## BULLSONESHOT STANDARD

500 ml (16.91 fl.oz)

- Perfectly cleans harmful carbon deposits on the injector, intake valve & and combustion chamber
- TUV certified

- G** GDI Booster
- D** CRDI Booster / Cetane rating improver

NEW CAR Ver.

## BULLSONESHOT NEW CAR

500 ml (16.91 fl.oz)

- Optimized for low mileage between 0 km ~ 30,000 km (18,641 miles)
- Helps avoid carbon deposit accumulation
- Best protection performance
- TUV certified

- G** GDI Booster
- D** CRDI Booster

HYBRID Ver.

## BULLSONESHOT HYBRID

500 ml (16.91 fl.oz)

- Efficient Engine Soot Removal: Removes stubborn carbon buildup caused by residual fuel in the injectors and intake valves.
- Friction Reduction & Wear Protection: Reduces engine wear by 32%, minimizing noise, vibration, and wear due to frequent engine and motor transitions, ensuring long-term engine efficiency.
- Enhanced Fuel Stability: Increases fuel oxidation stability by 15%, maintaining high-quality fuel for longer periods and preventing gum and sludge formation.

SIGNATURE DEEPCLEAN Ver.

## BULLSONESHOT SIGNATURE DEEPCLEAN

500 ml (16.91 fl.oz)

- Quadruple engine cleaning ingredients
- Added a booster for improved fuel efficiency and enhanced fuel economy.
- Engine protection (by using LI; Lubrication Improver) Moisture(water) removal effect in fuel tank.
- Anti-corrosion effect for metal parts inside the engine.
- Reduced vibration and noise for a more comfortable driving experience.

- G** GDI Booster
- D** CRDI Booster / Cetane rating improver

SIGNATURE Ver.

## BULLSONESHOT SIGNATURE

500 ml (16.91 fl.oz)

- Triple effects of engine cleaning with advanced ingredients(P.E.A. PIBSI)
- Friction Modifier(FM) enhances and protects the engine by reducing friction
- Detergent dispersant absorbs and discharges moisture in the fuel tank

- G** GDI Booster
- D** CRDI Booster / Cetane rating improver

PROFESSIONAL Ver.

## BULLSONESHOT PRO

500 ml (16.91 fl.oz)

- Ultimate fuel system cleaning for professionals
- Powerful protective coating on piston and cylinder wall
- Water removing effect quickly removes moisture in the fuel tank and line
- Prevents fuel oxidation(fuel stabilizer prevents gum and sludge caused by fuel oxidation)
- TUV certified

- G** GDI Booster
- D** Enhanced cetane rating improver

PREMIUM Ver.

## BULLSONESHOT PREMIUM

500 ml (16.91 fl.oz)

- Enhanced cleanliness performance that is 2 times stronger than Bullsoneshot standard
- Recommended for over 30,000km (18,641 miles) mileage car
- Powerful protective coating on piston and cylinder wall
- TUV certified

- G** GDI Booster
- D** CRDI Booster / Cetane rating improver

FOR TRUCK & BUS

BULLSONESHOT EXTREME FOR TRUCK&BUS [DIESEL]

1.25 L (42.27 fl.oz)

- Removes carbon deposits and deposits buildup
- Boosts cetane by 5.3 points for quieter, stronger engine performance.
- Restores power within 8 hours (CEC test method).
- Absorbs moisture to protect the engine and extend lifespan.
- Recommended to add every 3,000–5,000 km [1,864 ~ 4,350 miles]
- Up to 350L of fuel

**D** CRDI Booster/ Cetane rating improver

BULLSONESHOT STANDARD FOR TRUCK & BUS ( DIESEL)

1 L (33.81 fl.oz)

- Perfectly cleans harmful carbon deposits on the injector, intake valve & and combustion chamber
- High concentrated agent(1L) provides upgraded performance
  - ① 3 times faster engine power restoring
  - ② Improved stability
  - ③ Contains water remover
- Recommended to add every 3,000–5,000 km [1,864 ~ 4,350 miles]

**D** CRDI Booster/ Cetane rating improver

FORMOTORBIKE

BULLSONESHOT BLACK FOR MOTORBIKE

120 ml (4.08 fl.oz)

- Average 49.5% reduction in carbon deposits
- Acceleration Improvement by up to 6.4%
- Fuel consumption Reduction by up to 8.19%, with an average reduction of 4.67%
- Overall power output Increases by 2% and acceleration by 4% across the measured RPM range.
- Octane levels enhancement for long-distance riding.

BULLSONESHOT FOR MOTORBIKE

100 ml (3.38 fl.oz)

- Power ↑ Acceleration ↑ Fuel consumption ↓ Noise ↓ Exhaust gas ↓
- 100 ml of Bullsoneshot for motorbike available for 6 L of fuel tank
- For the best maintenance, use every 1,000 km(621.37 miles)
- Tested in USA

WATER REMOVER

BULLSONE WATER REMOVER

300 ml (10.14 fl.oz)

- For gasoline: moisture removal & freeze prevention effects
- For diesel: moisture removal & corrosion prevention effects
- Prevent breakdown in fuel line, injector, fuel pump
- Prevents engine abrasion by lubricity improver added
- G** Improves engine start performance by Cetane Booster
- D** Prevents accumulation of engine sluges by Detergent-dispersant.

GASOLINE

DIESEL

**Bulls Power**

BULLSPower based on the Golden Time for Engine Abrasion Prevention!

PROTECT YOUR ENGINE FROM DAMAGES!

02

**Caution** Pour Bullspower first and fill the new engine oil to prevent "Overflow"

Features

- Based on **7 Seconds of the Golden Time** for Engine Abrasion Prevention.
- Protects Engine against wear from 'Dry Start'.
- ENGINE OIL ADDITIVE FOR GASOLINE / DIESEL / LPG ENGINE 4~6 L of Engine Oil Tank

Benefits of BULLSPower

- Reduces Engine Noise
- Increases Driving Comfort
- Uprates Power
- Extends Engine Life

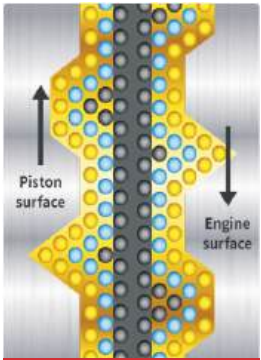

BULLSPower ENGINE COATING TREATMENT

3-layered coating films (organic molybdenum, nano fullerene, organic tungsten) will be formed through BULLSPower Engine Coating Treatment's unique engine protection materials so that the engine can be reliably protected.

- **Advanced Organic Molybdenum Compound (AOMC)** : Intended for mileage improvement, this material improves lubrication performance and protects the engine during dry start and road driving.

- **Organic tungsten** : Highly resistant to scratch at high temperature, this material protects the engine at high-output/high-speed driving.

- **Nano fullerene** : Having won a Nobel Prize in Chemistry, this material improves lubrication performance through bearing effects.

Bullspower's 3-layer coatings  
● AOMC ● Tungsten ● Nano Fullerene

**Pour in the engine oil inlet!**

ENGINE COATING TREATMENT

BULLSPower ENGINE COATING TREATMENT SIGNATURE

300 ml (10.14 fl.oz)

Engine coating treatment of 5th generation that is safe for the engine

- Heat resistant, no acid gas, no oil filter clogging
- Contains AOMC, a world-patented material: a material that improves friction, anti-wear, and lubricity of the engine and protects the engine by forming a protective foil on the engine
- Contains fullerenes to protect the engine by improving scratches on the piston and outer wall
- Using 100% ester oil with high-temperature stability and sludge suppression effect improves lubrication

GASOLINE  
DIESEL / LPG

BULLSPower ENGINE COATING TREATMENT TRIPLE ACTION FOR PROFESSIONAL

410 ml (13.86 fl.oz)

- Enhanced engine coating treatment performance with triple effects
- Triple Coating System
  - 1st Coating: AOMC → 2nd Coating: Tungsten → 3rd Coating: Nano Fullerene
  - Tungsten, which is a scratch-resistant material at high temperatures protects the engine from high-speed driving and a dry/cold start
- Contains tripled fullerene for enhanced efficiency
- Synthetic Diester-based oil
- Doesn't Contain 3 hazardous materials [Chlorinated paraffin / PTFE(TEFLON) / MoS2 (molybdenum disulphide)]

GASOLINE  
DIESEL / LPG

• TUV certified

BULLSPOWER ENGINE COATING TREATMENT EXTREME

300 ml (10.14 fl.oz)

Ultra-Protective Engine Treatment

- 3X(3 times) Stronger Fullerene – Extreme wear repair & long-lasting shield
- Stop Oil Leaks – Seal restore + leak prevention for peak performance Ideal for harsh driving conditions!
- TUV certified

BULLSPOWER ENGINE COATING TREATMENT PREMIUM

300 ml (10.14 fl.oz)

- Double-layered coating with AOMC & Nano Fullerene reduces Engine Friction
- Prevents engine oil leak
- PAO based oil
- Doesn't contain 3 hazardous materials [Chlorinated paraffin / PTFE(Teflon) / MoS2 (molybdenum disulphide)]
- TUV certified

BULLSPOWER ENGINE COATING TREATMENT STANDARD

300 ml (10.14 fl.oz)

- Double-layered coating with AOMC and Nano Fullerene reduces engine friction
- Esther based oil
- Doesn't contain 3 hazardous materials [Chlorinated paraffin / PTFE(Teflon) / MoS2 (molybdenum disulphide)]
- TUV certified

BULLSPOWER ENGINE COATING TREATMENT PREMIUM EDITION FOR EUROPEAN BRAND CARS

350 ml (11.83 fl.oz) – Gasoline/Diesel/LPG/Hybrid

- Specialized in Premium or Turbo Engine cars
- Certified for outstanding performance through TEOST Turbo testing by TUV certification body.
- Sludge formation reduction by 60% and Turbocharger protection enhancement
- Safe for TWC, DPF, and SCR systems with no adverse impact, meeting ACEA C2/C3 standards.

ENGINE FLUSH

- Removes residual sludge and harmful deposit in the engine.
- Prevents oil dirt accumulating on the engine oil line and engine parts.
- TBN Booster helps to achieve 100% fresh engine oil performance.
- Solvent free.

BULLSPOWER ENGINE FLUSH SUPPLEMENTAL /REPLACEMENT

- Recommended for new or well-managed vehicle
- Esther base oil added for more powerful cleaning

OTHERS

- For all makes and models, extended life, guaranteed up to 40,000 km(25,000 mile).
- Anti-Corrosion & Rust / Protects Aluminum Radiator / Prevents Engine Over Heat / Available for every season Protects coolant system metals including heat-rejecting aluminum against pitting caused by cavitation and corrosion. (Aluminum compatible)
- Provides carefully balanced protection against water freezing(-37°C) and summer boil over.

COOLANT / ANTI FREEZE

- Supplemental
- Mix coolant with water (1:1)

COOLANT / ANTI FREEZE PRE - MIX

- Replacement / pre-mix type
- Directly use without mixing with water as the product is pre-mixed with purified water and coolant
- High purity without an organic matter, organism, or ion

AIR INTAKE SYSTEM CLEANER

- Removes harmful deposits inside the throttle body.
- Specially formulated to remove carbon residue, dirt and other pollutants finely.
- Maintains the correct air-fuel ratio giving better fuel efficiency and complete combustion and reduces exhausts.
- Safely applicable to oxygen sensor and catalytic converter.
- Adjustable spray nozzle in all directions.

LUNATIC POLISH

The Market-leading Premium Detailing Solution

THE PERFORMANCE, DESIGN, CONCEPT, AND SENSIBILITY HAVE NOT BEEN SEEN BEFORE

03

Features

Lunatic Polish was born from the desire to have a line of exceptional and professional car care products.

Whereas existing brands mainly present popular car wash solutions with cost-effectiveness, Lunatic Polish aims for a professional detailing solution that combines differentiated performance and the sensibility pursued by enthusiasts. The brand is targeting detailing enthusiasts by introducing a specialized lineup not only with market-leading performance but also with premium sensibility, and easy and simple usability.

WASH

LUNATIC POLISH CLEARFIT PREWASH

1 L (33.81 fl.oz)

- Alkaline prewash suitable for 3PH car wash
- For cleaning various organic contaminants such as oil stains, tar, bird droppings, and insect carcasses before the main car wash
- Forms a dense foam to quickly soften and easily remove contamination firmly attached to the paint.
- Wax Safe! Perfectly removes contamination without damaging the existing coating layer
- Refreshing grapefruit scent that adds to the pleasure of car wash

LUNATIC POLISH PUREFIT PREWASH

1 L (33.81 fl.oz)

- Acidic prewash suitable for 3PH car wash
- Perfect cleansing of various contaminants such as stubborn water stains, water spots, lime scale, chrome scale, wheel stains, etc.
- Forms a dense foam to quickly soften and easily remove contamination firmly attached to the painted surface
- Wax safe! Perfectly removes contamination without damaging the existing coating layer
- Energetic berry scent that adds to the pleasure of car wash

LUNATIC POLISH SUPER APC

500 ml (16.9 fl.oz)

- Various usage according to user's needs (direct spray or dilution use 1:10~20)
- Superior detergency helps instant cleaning of various contaminants
- Safe ingredients for any type of contaminated area

LUNATIC POLISH CHERRYFIT CAR SHAMPOO / SWEETBUBBLE CAR SHAMPOO

500 ml (16.9 fl.oz)

- No thickening agent contains, high-viscosity & eco-friendly car shampoo made only with surfactant
- Outstanding cleaning performance with rich foam through ultra-high concentrated blending technology
- Sweet and delightful cherry/bubble gum scent
- Crazy lubrication and foaming capability that has never existed before
- Instantly removes dirt with strong detergency
- pH-neutral product that is safe for use on wheels and painted surfaces
- Cost efficiency with a high dilution ratio (1:200~1000) and fits for various purposes
- Various methods of application such as buckets, compression sprayers, foam lances, etc.
- Premium Push-Pull Cap for convenient use

LUNATIC POLISH CUT DE IRON

500 ml (16.9 fl.oz)

- Hybrid iron remover with pH-neutral products that are safe for use on wheels and painted surfaces
- Faster reaction against iron by improving study on the reaction speed
- Proved immediate and excellent iron removal performance with specially formulated ingredients
- Premium iron remover with a mild scent and no salt stains

LUNATIC POLISH EASY WASH PAINT CLEANSER

500 ml (16.9 fl.oz)

- Easy Wash in any situation, with or without water!
- Revive your car's original color and shine, restoring it to new-car condition!
- Deep cleaning without damaging the paint surface, thanks to ultrafine powder particles!
- A versatile paint cleaner that can be used on all areas with a Clear Coating Layer!
- Safe to use with a Polisher (Polishing machine) without worrying about damaging the vehicle surface.
- Creates a perfect hydrophilic surface without powder lifting.
- Super easy wash that anyone can finish with high-pressure water cleaning!

WAX & COATING

LUNATIC POLISH DE LUNA WAX/EXTREME

500 ml (16.9 fl.oz)

- Liquid wax with excellent performance - water repellency, durability, and gloss, and shows extremely sleek performance
- Superior color restoration makes the same gloss as the paintwork of a new car. Dark colors become deeper and darker, and light colors become brighter and glossy
- It quickly bonds to the painted surface, showing enhanced durability after curing. It provides strong paint protection that will not fade up to 1,300 times of mitting
- Made of T3 Carnauba wax
- Available for both dry and wet conditions

EXTREME

LUNATIC POLISH SLEEKFALL WAX

500 ml (16.9 fl.oz)

- Liquid wax with sleek edition for an extremely smooth surface and luxurious gloss
- Exceptional overall performance including sleekness, hydrophobicity, durability, and gloss
- Available for both dry & wet conditions
- Excellent usability with soft application and fast drying time
- Made of T3 Carnauba wax

LUNATIC POLISH MOONLIGHT SPLASH

150 g (5.29 fl.oz)

- Lunatic Polish's special formula for the ultimate shine.
- SiO2 (Silicon dioxide) and T-1 grade Carnauba wax base.
  - The Carnauba wax content has been increased by 10% compared to Crystal Hybrid Wax.
  - The highest purity T-1 grade Carnauba boasts high hardness and transparency, making it ideal as a base for premium waxes.
- Super hydrophobic coating that repels contaminants.

LUNATIC POLISH AQUA COAT

500 ml (16.9 fl.oz)

- 3-minute ultra-rain repellent coating
- Simply spray onto a wet vehicle surface, no buffing needed
- Smooth, slick feel with Easy-Drying properties.
- Preserves the original shine while delivering an unparalleled wet-look finish.
- Easily covers all vehicle surfaces in one step
- Coating lasts up to 30 days! (Based on Bullsone Lab tests)
- Quick and easy coating for busy drivers who find coating tedious!
- Exceptional initial contact angle of 104 degrees (Based on Bullsone Lab tests)

WHEEL & TYRE

LUNATIC POLISH WHEEL & TYRE HYBRID CLEANER

500 ml (16.9 fl.oz)

- Foam-type wheel and tyre hybrid cleaner which provides rich bubbles to be attached to the surface and to clean contaminated areas effectively
- Specialized in immediate tyre browning removal with strong detergency
- Safe ingredients for wheel & tyre
- Easy and convenient use with a premium foam gun trigger

LUNATIC POLISH CHERRYFIT TYRE GEL

500 ml (16.9 fl.oz)

- The synthetic polymer coating layer provides gloss like a new tire
- Clean and matt gloss effects last up to 6 weeks
- Prevents browning and aging of tires
- Added sweet and pleasant cherry scent
- Contains UV blocking effect that is 6 times stronger than other Bullsone's tire coating line
- Gel-type coating agent enables to polishing targeted area while not scattering away to the other parts such as the wheel, fender, and painted surface.
- Easy and quick work for both dry and wet surfaces

GLASS

LUNATIC POLISH SUPER CLEAR GLASS CLEANER

500 ml (16.9 fl.oz)

- The dual alcohol blending recipe provides powerful detergency without residue.
- Contains lubricating ingredients to provide soft wiping properties.
- Easy and convenient workability, suitable for dry and wet hybrid uses.
- Neutral ingredients that can be safely used without damaging the vehicle.
- Pleasant workability with a refreshing grapefruit scent.

LUNATIC POLISH BUBBLE FOAM ANTI-FOG

105 ml (3.55 fl.oz)

- Rich bubble foam forms a uniform coating film for a quick and easy anti-fog effect
- Long-lasting anti-fog effect with strong hydrophilic coating film
- 2 in 1 product! Clean and anti-fog effect
- Can be used on any glass that needs anti-fog, other than vehicles

INTERIOR

LUNATIC POLISH FOAM FOAM INTERIOR CLEANER

500 ml (16.9 fl.oz)

- Soft foam type interior cleaner for gentle application and powerful cleansing effect
- A variety of interior materials can be used, including leather (natural, artificial, Nappa leather, etc.), fabric, plastic, high gloss, wood, and rubber.
  - Restoration of the unique color of interior materials and subtle gloss effect
  - Anti-static effect prevents re-attachment of dust and contamination
  - Warm musk scent

OTHERS

LUNATIC POLISH CLOUD DRYING TOWEL

- Microfiber twisted loop fabric as soft as a cloud, with a fluffy feel and volume that increases adhesion to the surface, allowing for quick and gentle moisture removal
- Great thickness and heavier maximum weight compared to regular towels due to its structure of double layered. It quickly traps and absorbs a large amount of moisture.
- Edgeless finish sewing type allows for safe use without worrying about scratches on the painted surface

LEATHER CARE & CLEANER

LUNATIC POLISH FEATHERSOFT LEATHER CARE SET

Feathersoft Leather Cleaner 140 ml (4.7 fl.oz)  
Feathersoft Leather Coat 50 ml (1.69 fl.oz)  
Coating Applicator Sponge \* 1EA  
Suede Cloth \* 2EA  
Microfiber Cloth \* 1EA

- Experience next-level leather care.
- Ultra-fine microfoam instantly lifts deep-set dirt and stains, while a mild pH-neutral formula protects leather without damaging its coating.
- Penetrates beyond the surface to restore the leather's natural color, gloss, and strength
- UV protection, ultra-hydrophobic durability, and a perfect finish that lasts up to 12 months.
- Easy application for all types of premium leather, including synthetic, Nappa, and genuine leather.

KIT

7-PIECE SELF-CAR WASH KIT

De Luna Wax – 500ml (16.9 fl.oz)  
Wheel & Tire Cleaner – 500ml (16.9 fl.oz)  
Cut the Iron (Iron Remover) – 500ml (16.9 fl.oz)  
Super APC (All Purpose Cleaner) – 500ml (16.9 fl.oz)  
Cherry Fit Tire Gel – 500ml (16.9 fl.oz)  
Cherry Fit Car Shampoo – 500ml (16.9 fl.oz)  
Wash Bucket (Limited Edition) – 18L

## LUNATIC POLISH SHEETING STAR

150 g (5.29 fl.oz)

- With a tilt angle of 10 degrees, it delivers miraculous performance where water droplets flow off even on flat surfaces. Not only is there no residue, but it also maintains a clean state even after driving in rain.
- A slickness felt at the fingertips, like touching silk, it delivers a smoothness that glides effortlessly. It boasts exceptional slickness that can be felt by touch, just as impressive as its visible performance. It also effectively prevents dust and contaminants from sticking during driving. Its ability to prevent dust from sticking is so powerful that even high-end solid waxes can't compete.
- Transparent and smooth 'Wet Look' with dazzling gloss... In addition to a blend that considers sheeting and slickness, it includes carnauba wax that creates gloss, resulting in a balanced shine without excessive oiliness. There is no need for unnecessary wiping, so the work time is shortened, and the smooth gloss lasts longer.
- Buffing Made Easy, Performance Made Amazing!
  - With smooth application and easy wiping that eliminate the difficulty of the process, you can work effortlessly and enjoy perfect sheeting performance.
- With just one application, enjoy powerful durability and longevity for over 3 months.
  - Based on washing the car twice a month, its outstanding durability maintains excellent water repellency and sheeting performance for more than 3 months even after washing.
- Refreshing Ice Lavender Color and Aqua Blue Scent as Cool as the Performance
  - With an Ice Lavender color distinctly different from typical wax shades and a refreshing Aqua Blue scent that cools the mind the moment you smell it, a pleasant fragrance accompanies you throughout the application process.
- Sophisticated luxury with unique details
  - In addition to its refined color, it comes with a dedicated leather case for easy storage after use, presented like a special gift.

# CRYSTAL

CRYSTAL : Simple Solution for Crystal Shiny Car

EXPERIENCE KNOW-HOWS OF  
CAR CARE EXPERTS!

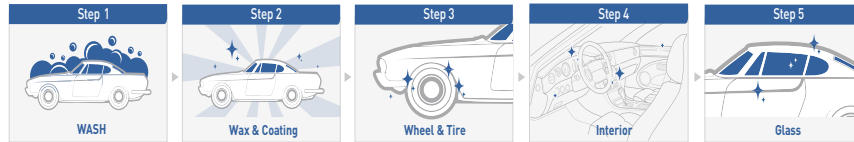

04

### Benefits of CRYSTAL ✦

- Perfect Coating
- Outstanding Cleaning Performance
- Extreme Crack Removal
- Green Recipe

### Steps for Detailing ✦

## CRYSTAL CAR SHAMPOO

500 ml (16.91 fl.oz)

- No dilution is needed! Spray-type foaming car shampoo
- Gently removes contamination with tight and soft foam
  - Contains coating protection ingredients to remove contamination without damaging the painted surface
  - Does not contain anionic surfactants

## CRYSTAL WATERLESS SHAMPOO

500 ml (16.91 fl.oz)

- Quick but the perfect car wash
- Anytime, anywhere without water, wax, bucket, or sponge
  - Strengthened detergency by increasing the amount of cleaning aids
  - More powerful anti-fouling properties by strengthening water-repellent coating ingredients by more than 30% than existing product
  - Contains carnauba wax which provides mild gloss

## CRYSTAL BUBBLE SHAMPOO

1 L (33.81 fl.oz)

Ultra-concentrated car shampoo: available for various uses(bucket, foam lance, snow foam with a foam gun, etc.), 1:50~1:200

- Contains coating protection ingredients to protect the painted surface and the coating layer
- Easy removal of contaminants without damaging the painted surface
- Does not contain anionic surfactants

Usage	Car shampoo	Water	Dilution ratio
Bucket	30 ml	6L	1:200
Foam lance	100 ml	900 ml	1:10
Compressed sprayer	40 ml	1960 ml	1:50

CRYSTAL COLOR CHANGING CAR SHAMPOO  
1 L (33.81 fl.oz) / 500 ml (16.9 fl.oz)

- The color-changing feature precisely indicates when it's time to rinse off the car shampoo. (Blue → Pink)
- After applying the foam, simply rinse it off with high-pressure water as soon as the color changes, and your car wash is complete!
- The dense, sticky foam adheres perfectly to the car's top clear coat layer, demonstrating excellent adhesion.
- Powerful cleaning performance.
- Various dilution ratios allow for customized washing according to your specific needs.
- It can be used for both car washing shampoo and pre-washing agent!

CRYSTAL ALKALINE PRE-WASH  
1 L (33.81 fl.oz)

- Soft and powerful cleaning before the main wash, without damaging the coating layer.
- Quickly and powerfully cleans bird droppings, insect residue, stubborn dirt, and grease.
- High-density Active-Foam maximizes soaking effect.
- Rich lather and smooth lubricity.
- Safe for use on sensitive materials.
- Economical dilution ratio

CRYSTAL WASH & COAT SHAMPOO  
500 ml (16.91 fl.oz)

- A diluted car shampoo for cleaning, gloss, and water-repellent effects at once.
- Quick cleaning with minimal scratches
  - Can be used on car paint, plastic, and glass
  - Contains water-repellent/gloss-coating sealant ingredients for a subtle glossy effect
  - Easy removal of moisture with an air drying effect

CRYSTAL IRON REMOVER  
500 ml (16.9 fl.oz)

- Prevents paint damage by quickly removing iron that is difficult to remove through a regular car wash
- Contains advanced STG(iron removal ingredient) to instantly remove iron and clean even stubborn contaminants such as brake dust
  - As it is a pH-neutral product with moisturizing ingredients, it can be used without damaging the painted surface
  - Can be used on all types of genuine alloy wheels
  - Faster iron reaction due to the inclusion of reaction accelerator
  - Soft grapefruit scent: solved the unique smell, a chronic problem with iron removers, through years of research and development

CRYSTAL BUG CLEANER  
500 ml (16.9 fl.oz)

- Quick and easy removal of bugs and insect marks without damaging wax layers
- Specialized in cleaning bugs with enhanced ingredients that decompose proteins
  - Contains carnauba wax to remove contaminants and provide a glossy effect without damaging the painted surface
  - Foam type increases adhesion!: Adheres to contaminants for a long time and gently removes contaminants with a soaking effect

WAX & COATING

CRYSTAL HYBRID WAX  
250 g

- Premium paste wax combined with the Silicon dioxide and Brazilian T1 carnauba wax
- Restoration of the deep color of the vehicle with Brazilian T1 carnauba wax
  - Amazing durability, beading, and water-repellency with the glass polymer ingredient
  - Applicable on all vehicle colors
  - Installation sensibility & convenient workability
  - Up to 2-3 months cleaning coating durability
  - Includes sponge applicator from high-density foam made in Germany

CRYSTAL COAT PLUS+  
500 ml (16.91 fl.oz)

- D.C.C(Double Crystal Coating), Bullsone's high technology for coating provides brand-new and deep original gloss to the painted surface
- Repeated installation creates layer-by-layer coating for long-lasting gloss
  - By smoothing the painted surface evenly, D.C.C (Double Crystal Coat) creates a high-water-repellent layer preventing the adhesion and penetration of contaminants and maintaining the paint's luster
  - Restores old car surface up to 85 GU(Gloss Unit); new car's GU is approximately 90
  - Easy to use with even little water on the surface

CRYSTAL DEEP COAT  
500 ml (16.91 fl.oz)

- Deep and heavy gloss, water repellency, stain resistance, and durability on different levels
- Contains carnauba wax to improve the deep and thick wet look! Deep luster and color revives luxuriously
  - Double Crystal Coating technology is applied - Formation of the first layer of glass-based polymer coating (durability enhancement) and the second layer of carnauba wax coating (deep gloss) on the painted surface
  - The active ingredient of coating is added 10% more! Highly concentrated glass-based polymer components are firmly bonded to the painted surface to provide excellent water repellency and coating durability

CRYSTAL SLEEK COAT  
500 ml (16.91 fl.oz)

- Excellent slickness and surface coating effect by applying high-performance slick technology
- The slick coating and carnauba wax provide an excellent slick feeling and smooth surface with enhanced slick durability
  - D.C.C (Double Crystal Coating technology): formation of 1st glass-based polymer coating layer (durability enhancement) and 2nd slick reinforcement coating layer (smooth surface + workability) on the surface
  - Glossy effect along with smooth workability: friction on the painted surface is reduced based on slickness, making usability convenient and providing a sparkling and clear crystal gloss

CRYSTAL WATER COAT  
500 ml (16.91 fl.oz)

- A high-speed Touchless wet coating that works in just 3 minutes.
- Deep, rich Wet-look and color restoration.
- Long-lasting, powerful coating durability.
- Beading, Sheeting, and anti-recontamination effects.
- Easy and simple to use - just spray and rinse without buffing, diluting, touching, or leaving residue!
- Suitable for use on all vehicle exterior materials

COMPOUNDING

CRYSTAL COMPOUND PLUS+  
150 ml (5.07 fl. Oz)

- Innovative and advanced compound that restores gloss as well as easily removes scratches, swirl marks, water & paint stains while minimizing damage on the painted surface
- Recommended to use the Crystal Compound before using the Crystal Coat Plus
- Provided with a specially designed chamois cloth

CRYSTAL ALL IN ONE COMPOUND  
140 ml (4.73 fl. Oz)

- One-step solution for removing fine scratches and swirls, eliminating stubborn contaminants, polishing and coating!
- Conceal imperfections and enhance your car's shine!
- Quick and easy self-detailing without seasonal or location constraints!
- Simple enough for beginners to use!

GLASS

CRYSTAL RAIN REPELLENT  
140 ml (4.73 fl.oz)

- High-performance glass water-repellent coating allows safe driving even in heavy rain
- The water-repellent coating lasts up to 10 months due to the triple combination of coating ingredients
- Easy and perfect workability with enhanced lubrication and a dedicated applicator provided

CRYSTAL OIL FILM REMOVER  
140 ml (4.73 fl.oz)

- Triple action(3 types of cleaning powder) powerfully removes all kinds of oil films
- : Soft powder – primary removal of a wide range of oil films that are made in everyday life
- : Mild powder – removes silicon-level adhesive oil film with hard abrasive particles(mechanical strength)
- : Hard powder – removes specialized coating film(fluorine-based water-repellent coating film) with powerful special cleaning particles.
- Prevents diffuse reflection and ensures clear vision by removing contamination and coating residues
- Loop fiber structure of the oil film removal sponge prevents scratches and it maximizes work efficiency

CRYSTAL GLASS CLEANER  
500 ml (16.9 fl.oz)

- Easy and quick cleaning of glass with a water-repellent effect
- Quickly removes contamination on the glass
  - Powerful detergency that leaves no stains with great workability
  - Contains premium water-repellent coating ingredients to make a maximum water-repellent angle of 100 degrees

WHEEL & TIRE

CRYSTAL WHEEL CLEANER  
500 ml (16.9 fl.oz)

- High-performance wheel contamination cleaner
- Cleans stubborn contaminants that are difficult to remove, such as brake dust, with a high content of cleaning ingredients
  - pH-neutral product, can be used stably on painted surfaces and wheels
  - Stable removal of contamination even on dry surfaces due to moisturizing effect
  - Able to remove iron with a purple iron reaction, contains advanced STG (iron removal ingredient)
  - Pleasant car wash with a soft grapefruit scent

CRYSTAL WHEEL & TIRE CLEANER

500 ml (16.9 fl.oz)

A premium wheel cleaner specialized for immediate tire browning removal with powerful cleaning ingredients

- Prevents whitening and maintains the original color of the tire after cleaning contaminants
- Powerfully cleans stubborn wheel contaminants such as oil stains and brake pad dust
- Wheels(genuine wheels) and tires can be cleaned at the same time
- Convenient and excellent workability with the foam type

CRYSTAL TIRE SPRAY

500 ml (16.9 fl.oz)

Moist, oil-based gloss gives the feel of a new tire, with effects that last up to 4 weeks

- Contains 3 times the LC polish and 2 times the special silicone compared to our existing products
- Restoration of tire's original color and prevention of aging
- Contains UV protection ingredients
- Prevents tire cracks, discoloration, and aging like a new car

CRYSTAL TIRE DRESSING

500 ml (16.9 fl.oz)

Clear, matte tire shine effect lasts up to 6 weeks

- Hybrid polymer ingredient forms a tire coating layer and improves durability
- Contains UV protection ingredients to prevent tire browning and aging
- Tires can be maintained like new by restoring their original color and preventing aging.
- Soft gel type allows for meticulous application without fear of splashing

INTERIOR

CRYSTAL INTERIOR CLEANER

500 ml (16.9 fl.oz)

Interior cleaner that perfectly removes contaminants and stains on the plastic, fabric, and leather seats in a car

- Restores the original color of the interior of a car
- Interior shine effect with non-artificial coating ingredients
- Anti-static protects against recontaminations
- Available on various materials such as nappa/natural/ artificial leather, plastic, fabric, etc.

OTHERS

CRYSTAL CAR WASHING BRUSH SETS

No.1 Bristles 2cm Handle 23cm  
No.2 Bristles 2.5cm Handle 23cm  
No.3 Bristles 3cm Handle 24cm  
No.4 Bristles 4cm Handle 25cm

- For detailed cleaning of narrow corners, conventional car washing tools may not be sufficient.
- With strong yet soft synthetic bristles, you can clean gaps deeply, neatly, and flexibly.
- Manage every nook and cranny of your vehicle's interior and exterior with a set of 4 different sizes.

CRYSTAL STAMP BRUSH

(Height : 55mm / Bristle : 45mm)

- Use soft and elastic ultra-fine bristles for tire cleaning and polishing, as well as cleaning wheels and vehicle interiors!
- An easy-to-grip handle allows for delicate work, and a case is provided to store the brush without bending the bristles.
- Dense, fine bristles allow for even application of tire polish.
- Convenient for cleaning the vehicle's interior dashboard, narrow gaps, air vents, tires, and wheels.

CRYSTAL BIG TISSUE CAR SHAMPOO

Size : 320mm \* 380mm \* 4pcs

- Effortlessly removes rain marks, stains, and dirt with a single Big Tissue.
- Delivers a rising gloss and shine — from dirt removal to wax finish in one easy step.
- One sheet is enough to wash an entire compact or mid-size car.
- No need for a car wash center — clean your car regardless of location or season.
- Great Value – 4-Sheet Cleaning & Waxing Set!
- A cost-effective pack combining cleaning and wax tissues.
- Up to 4 Months Supply (1 Sheet per month)

Bullsone SURFACE CARE

To Make Both Beginners And Detailers Enjoy A Car Wash With Convenient Use

ALL ABOUT CAR WASH & DETAILING!

05

WASH

BULLSONE BUBBLE BOMB CAR SHAMPOO

1 L (33.81 fl.oz)

- Highly concentrated car shampoo that can be diluted up to 1:200: Can be used at different dilution ratios depending on the degree of contaminants
- Soft and safe to use as it is a non-ionic surfactant with good biodegradability
- Neutral PH ingredient minimizes damage to painted surfaces
- Car shampoo without thickeners

Usage	Car shampoo	Water	Dilution ratio
Bucket	30 ml	6L	1:200
Foam lance	100 ml	900 ml	1:10
Compressed sprayer	40 ml	1960 ml	1:50

BULLSONE BALANCE UP WATERLESS CAR SHAMPOO

600 ml (20.28 fl.oz)

- Conveniently care for your car anytime, anywhere : Wash it by spraying without water
- Minimize scratches through friction reduction effect
- Cleansing + polishing + water repellent coating effect! Added ingredients to protect the painted surface to prevent aging from scratches and UV rays
- Contains Brazilian carnauba wax, adding depth and weight to the car color
- Enhanced coating effect by increasing special silicone content, preventing re-contamination and preventing vehicle discoloration

BULLSONE EASY BOOSTER POWER FOAM CAR SHAMPOO

600 ml (20.28 fl.oz)

- Ready-to-use car shampoo that does not require dilution with water: Concentrated foam type provides a soft feel and is effective in removing contaminants
- Eco-friendly product with no addition of anionic surfactants
- Generous capacity, enough to wash about 13 cars in one bottle: Can be used anywhere outside that needs cleaning, including car paintwork, bumpers, tires, and glass

BULLSONE DEEP CLEAN MULTI CLEANER

600 ml (20.28 fl.oz)

- An alkalescence multi-purpose cleaner that is effective in removing various contaminants and can be used easily and quickly even by beginners
- The cleaning effect has been verified for areas with severe contamination such as oil stains, as the engine room, wheels, and bumpers
- Anti-corrosion agents are added to prevent corrosion after cleaning, so you can use it without worry
- A basic product that integrates Bullsone's unique cleaning technology to safely work on various indoor materials with mild ingredients and effectively remove contaminants
- Refreshing citrus scent

BULLSONE 330 BUG REMOVER

600 ml (20.28 fl.oz)

- 3 times more proteolytic enzymes: Proteolytic enzymes are a key element that is effective in removing stubborn insect marks, bird droppings, tree sap, etc. from painted surfaces

- The existing proteolytic enzymes are increased by 3 times to enhance the detergency

- Contaminants are removed after 30 seconds: After 30 seconds, the powerful cleaning ingredients remove only the contaminants without damaging the car's exterior and glass

- Enhanced cleaning power with mild alkalinity: Helps effectively remove contaminants without affecting the car surface or glass

- Carnauba wax is added to provide smooth usability and a smooth surface even after work

- High pH and foam spray attach to the painted surface instead of sticking to the painted surface for a short time, continuously soaking insect corpses and increasing the reaction time to decompose proteins

WAX & COATING

BULLSONE BUTTER GLOSS CARNAUBA LIQUID WAX

600 ml (20.28 fl.oz)

- Contains carnauba wax from Brazil: Provides a glossy feel that adds depth and weight to the vehicle's original color

- Water repellency increases due to increased special silicone content! : Silicone ingredient forms a hard water-repellent film on the painted surface, helps prevent re-contamination of the painted surface with improved water-repellent effect, and prevents discoloration of the vehicle

- With a smooth surface that can be felt at your fingertips, you can feel the difference before and after installation by touch

- It leaves no stains or residue and is smooth to apply, enabling high-quality installation for both beginners and detailers

BULLSONE HYBRID WATERY LIQUID WAX

600 ml (20.28 fl.oz)

- Quick Detailer with both gloss and cleaning effects: An all-in-one product that not only restores gloss but also contains cleaning ingredients to remove simple dirt from the painted surface, enabling easy and quick car care anywhere

- A product that only adds a glossy effect on top of the previously applied wax layer without removing it. It is convenient to use as it can quickly clean some contaminants while providing a glossy effect

- Can be used regardless of the color of the painted surface

- Only carefully selected carnauba from Brazil, known as the home of carnauba, is used to provide a gloss that adds depth and weight to the car's color

BULLSONE TRIPLE EFFECT COATING LIQUID WAX

300 ml (10.14 fl.oz)

- Water polish type liquid wax

- Available to apply on wet surfaces, wipe immediately after spraying for a quick gloss effect

- Contains cleaning components to eliminate remaining dirt after car wash

- For the surfaces polished with other products, just remove the remaining dust and apply directly for an easy gloss effects

- Applicable to all car colors

COMPOUNDING

BULLSONE MICRO POWDER FINE SCRATCH COMPOUND

300 ml (10.14 fl.oz)

- Perfectly removes even the fine scratches with nano powder: Uses ultra-fine abrasive particles to help remove minor scratches without leaving them visible

- Manage to completely remove various contaminants without irritating the painted surface

- Gloss restoration and protection all at once! No need for separate wax application

BULLSONE MICRO POWDER HEAVY SCRATCH COMPOUND

100 ml (3.38 fl. oz)

- Powerful Restoration for even deep scratches
- Thorough Removal of Stubborn Contaminants
- Enhanced Effect with a Specialized German Pad

BULLSONE 2-STEP COMPOUND SCRATCH REMOVER FOR THICK SCRATCH

150 ml (5.07 fl.oz)

- Step 1: Removes large to mid-size flaws & scratches, paint stains, water stains, pine resin, tar, and rust, etc. [Abrasive size: 1,500 grit (12 μ (Micron))]

- Step 2: Removes swirl and restores gloss on the surface getting murky by using compound [Abrasive size: 8,000 grit (1.0 μ(Micron))]

BULLSONE 3-STEP COMPOUND MINI KIT

25 g X 3 (0.88 oz X 3)

3-STEP COMPOUNDS – Economical size (each of 25 g) and easy to store in a car

- Step 1: Remove large to mid-size flaws & scratches, paint stains, water stains, Pine Resin, Tar, and Rust, etc. abrasive size: 1,500 grit (12 μ (Micron))

- Step 2: Remove fine scratches and swirl / abrasive size: 8,000 grit (1.0 μ (Micron)) Remove fine scratches and restore the gloss on the surface to get ting murky by using the Step 1 compound Good for metal emblems and other metal surfaces of the car

- Step 3: Remove swirl and restore the gloss on the surface getting murky by using compound / abrasive size: 8,000 grit (1.0 μ(Micron))

BULLSONE SCRATCH REMOVER & GLOSS RESTORER

100 g X 2 (3.38 fl. oz X 2)

- Removes scratches on the painted surface and restores gloss at the same time

- Semi-solid liquid type products enable storage for a long time and make it easier to use

- After removing scratches from the surfaces, the enclosed coating agent restores the gloss of the painted surface

- Prevents oxidation of the car body paint surface from various acid contaminants, blocks ultraviolet rays, and prevents re-contamination of the paint surface

WHEEL & TIRE

BULLSONE PERFECTION WHEEL & TIRE CLEANER

600 ml (20.28 fl.oz)

- Cleans both tires and wheels without damage: By developing a mixing ratio of special cleaning ingredients that are safe for metals, it can be used on regular wheels, aluminum wheels, and chrome wheels, and can be used on wheels and tires at the same time

- Adding protective ingredients to keep tires safe: Provides a moisturizing film on the tire surface and helps the tire last longer

- A corrosion inhibitor is added to prevent corrosion of wheels, discs, shock absorbers, etc. so that you don't have to worry about splashing when spraying on the wheels

BULLSONE 2X MORE WHEEL CLEANER

600 ml (20.28 fl.oz)

- 2 times stronger detergency! A detergent specifically designed for automobile wheels, based on research on the optimal mixing ratio of active decomposition enzymes

- Brake dust, oil stains, etc. on the wheels can be instantly formed and removed as micelles

- Strengthens existing surfactant twice (2X)

- Use a recipe that helps completely remove browning and stubborn oil stains, but does not damage the wheel coating and rubber

- Not only removes contaminants but also helps restore the original product's luster

BULLSONE TIRE CLEAN & SHINE

550 ml (18.60 fl.oz)

- Just spray on the tire and that's it!
- 3 in 1 effect: Cleaning, Glossing, Anti-aging on the tire
- Fast cleaning
- Prevent hardening & aging
- Glossy treatment on the tire
- Aerosol / Foam type

BULLSONE HIGH GLOSSY TIRE SHINE SPRAY

600 ml (20.28 fl.oz)

- Uses premium special silicone to form a glass bead coating that coats like lip gloss

- Restores the tire's unique color, prevents aging, and prolongs the life of the tire with a moisturizing film and condition management ingredients

- By applying technology to volatilize the solvent more quickly, the coating is strengthened by maximizing the effective coating agent remaining on the tire

BULLSONE MATT & WATER REPELLENT TIRE SHINE SPRAY

600 ml (20.28 fl.oz)

- Prevents re-contamination by adding a water-repellent coating to tires

- Creates a luxurious wet look by adding a matte feeling to the tire

- Restoring the tire's unique color and preventing aging: It not only restores the color but also prolongs the life of the tire with a moisturizing film and condition management ingredients

- It is a water-based type and consists only of non-flammable materials, so it can be safely stored in the vehicle from the risk of fire and explosion

- A sweet banana scent is added to provide a pleasant feeling during application

INTERIOR

BULLSONE DEEP REPAIR LEATHER CLEANER

300 ml (10.14 fl.oz)

- Excellent detergency and moisturizing effects at the same time with aloe moisturizing ingredients
- Cleanly remove only contaminants to maintain the original cleanliness of the leather

- Can be used on natural leather, artificial leather, leather seats, etc.

BULLSONE DEEP COATING LEATHER CONDITIONER

300 ml (10.14 fl.oz)

- Contains aloe ingredients to provide strong moisture to the leather and prevent the leather from cracking and hardening

- Long-lasting effect of the leather's original luster and cleanliness like a new car

- Can be used on natural leather, artificial leather, leather seats, etc.

- Contains lanolin oil: High-quality oil extracted from sheep wool is added and absorbed into the leather to provide better moisturizing and softness effects

BULLSONE 2 STEP NATURAL LEATHER CARE Cleaner 150 ml + Lotion 150 ml

Leather cleaner

- Cleans various types of natural and artificial leather such as leather car seats, furniture, etc.

- Selected top-quality Aloe Extracts moisturize and prevent leather from cracking, aging, and hardening

- Added the fragrance from "Charabot", the French perfumery neutralizes the unpleasant smell

BULLSONE SUPER SHINE SYNTHETIC LEATHER PROTECT WAX

600 ml (20.28 fl.oz)

- Upgrade gloss with premium silicone oil: restore the original color of car dashboards, door interiors, bumpers, urethane, etc.

- Moisturizing effect to prevent leather and tires from cracking, and anti-hardening effect to prevent wear and aging

- Strengthens the anti-static effect to prevent dust from sticking and causing contamination after installation

- A glossy effect that lasts for a long time after application, rather than a temporary gloss that appears shiny only when applied

- Restoration from contamination and discoloration of interior and exterior materials

- Premium silicone oil provides a smooth finish without the stickiness typical of leather wax

BULLSONE 3X PLASTIC RESTORER WAX

300 ml (10.14 fl.oz)

- Restores and protects all plastic parts of a car from UV rays, Ozone, and contamination

- Long-lasting effects of gloss of interior and exterior of plastic parts by special silicon coating layer

- The coating effect prevents recontamination and helps easy to remove contamination

- Available for various parts of a vehicle

BULLSONE CLEAN & PROTECTION RELAXING INTERIOR CLEANER

600 ml (20.28 fl.oz)

- Mild cotton power scent delivers a comfortable mood after a car wash

- No damage to the interior materials by using safe ingredients only: it helps to remove contaminants on the plastic, leather seat, etc without damaging them

- Refreshing finish with no stickiness left after washing

- It is a 2-in-1 cleaner that does not require a separate coating agent after cleaning. It provides a soft coating and anti-fouling properties, helping you easily remove various contaminants

OTHER SURFACES

BULLSONE 3 IN 1 BARRIER GLASS CLEANER  
600 ml (20.28 fl.oz)

- Triple effect of water repellent + cleaning + gloss
- Glass cleaner that leaves no residue
- Effectively removes various contaminants
- Can be used without worry even on tinted glass and chrome-plated parts that were difficult to use with regular glass cleaners
- Anti-reflection function: Ensures safe visibility
- Delivers a cleaning effect not only on cars but also on all glass-based areas such as windows, dressing tables, mirrors, and show windows at home

BULLSONE EASY & QUICK GLASS CLEANER  
600 ml (20.28 fl.oz)

- A product that leaves no residue, allowing you to clean and maintain glass thoroughly
- An alkalescence glass cleaner that is effective in removing various contaminants and can be used easily and quickly even by beginners
- Effectively removes various contaminants and organic matter: Fine dust, insect marks, soot, yellow dust & and pollen, and muddy water can be quickly removed from the glass
- Prevent diffuse reflection of light after cleaning
- Delivers a cleaning effect not only on cars but also on all glass-based areas such as windows, dressing tables, mirrors, and show windows at home

BULLSONE STICKER & TAR REMOVER  
400 ml (13.53 oz)

- Quick and easy for removing stickers and tars
- Removes sticky sticker marks and tar which is the debris of asphalt cleanly
- Contains a natural orange scent for odor free

FOR CAR WASH SHOP

BULLSONE HIGH CONCENTRATED WATER REPELLENT CAR WAX  
1.5 L (50.72 fl. oz)

- Ultra-concentrated water-repellent coating wax with excellent gloss and water-repellent coating
- Contains coating ingredients for automatic car washes and has an excellent water-repellent effect, making it easy to remove moisture after washing the car
  - This highly concentrated product does not freeze easily when stored outdoors and mixes well with water when diluted
  - A special coating film is formed to increase gloss and protect the painted surface from acid rain, soot, yellow dust, and dust
  - Can be used in both the automatic car wash and self car wash

BULLSONE HIGH CONCENTRATED POWER CLEAN CAR SHAMPOO  
1.5 L (50.72 fl. oz)

- Ultra-concentrated cleansing shampoo with excellent cleaning power
- Quickly removes stubborn contaminants from painted surfaces with power cleaning ingredients
  - Use of non-ionic surfactant with excellent biodegradability
  - Contains water softener and can be used regardless of the type of water, such as hard water or soft water
  - Can be used in both automatic car wash and self car wash

ACC

BULLSONE PREMIUM ULTRA MICROFIBER DUSTER

- Using Premium Ultra Microfiber used in Optical Lens cleaning
- Removing dust without fine scratches
- Users can brush and clean larger surfaces easily
- After using, users keep this duster in a specially designed hard case

BUFFING TOWEL(ULTRA-FINE WOOL)

For polishing after a car wash

- Ultra microfiber minimizes swirl marks and the possibility of scratches on the painted surface
- The softness of ultra microfiber enables convenient polishing without concern of scratches
- Recommended to use with car care products of BullSone

ALL IN ONE TOWEL(DRYING+BUFFING+GLASS TOWEL)

3 different types of the towel for use in different purposes

- Drying towel: For removing moist on the interior and exterior of a car after a car wash
- Glass towel: For wiping glass after car wash
- Buffing towel: For polishing after car wash

MULTI PURPOSE TOWEL

For drying off the surface and removal of various contaminants for interior and exterior of a car

- Available for various purposes such as cleaning interior, wheels, polishing and drying off the surface
- Superior absorption by the great density of thread and availability of both sides
- The thin fibrous structure(0.001mm) helps effective dry off
- Hygiene use: easily washable and dry fast
- Ultra microfiber minimizes the possibility of scratches on the painted surface

DRYING TOWEL(TWIST FABRIC TYPE)

For drying off the surface after a car wash

- Superior absorption by the great density of thread and availability of both sides
- The thin fibrous structure(0.001mm) helps effective dry off
- Hygiene use: easily washable and dry fast
- Ultra microfiber minimizes the possibility of scratches on the painted surface
- Recommended to use with car care products of BullSone

GLASS TOWEL

For car windows and windshields when washing a car

- Convenient use for wiping glasses thanks to great absorptivity
- Minimizes wiping marks
- Hygiene use: easily washable and dry fast
- Ultra microfiber minimizes the possibility of scratches on the glass
- Recommended to use with car care products of BullSone

DRYING TOWEL

For drying off the surface after a car wash

- Superior absorption by the great density of thread and availability of both sides
- The thin fibrous structure(0.001mm) helps effective dry off
- Hygiene use: easily washable and dry fast
- Ultra microfiber minimizes the possibility of scratches on the painted surface
- The mega-size of drying towel enables convenient drying including the roof
- Recommended to use with car care products of BullSone

FINE SUEDE BUFFING TOWEL

Uniform gloss effect with fine suede fabric

- The ultra-microfiber material minimizes swirl marks, and the smooth surface allows polishing without worrying about scratches
- Meticulous finishing minimizes scratches on the vehicle

# RainOK

RainOK : Ultimate Glass Care for Clear View

THE START OF SAFE DRIVING : GLASS CARE

06

### RAIN REPELLENT

#### RainOK PUSH GRIP RAIN REPELLENT COATING

130 ml (4.39 oz)

A simple and easy water-repellent coating agent that can provide you the bright and clear vision

- Contains fluorine-based coating ingredients to create a coating barrier that does not collapse
- Easy water-repellent coating that can be completed by just spreading it on! It helps with safe driving by perfectly repelling rainwater
- Effects that last up to 10 months with one application
- When you press it with your hand, the solution comes out so that you can just rub it and finish the job

#### RainOK EASY GRIP RAIN REPELLENT COATING

120 ml (4.06 oz)

- Rain repellent coat effects last up to 6 months after application
- Delivers ultimate driving visibility to maintain a clear view
- No wiper blade operation needed if you drive over 60 Km/h

#### RainOK RAIN REPELLENT SPEED SPRAY

380 ml (12.84 oz)

- Creates a rain-repellent layer on windscreens, side, rear or wing mirrors
- Sprays product and rain drops will fly off glass, which restores driving visibility
- Sprays 3 seconds to create a fine rain-repellent layer to ensure clear night vision
- Rain drops fly off the windshield at a speed of 60 km/h or over, which allows drivers to forgo the use of the windshield wiper blades
- Lasts for up to 2 months

#### Magic Grip CLEAR VIEW RAIN REPELLENT COATING

300 ml (10.14 fl.oz)

Works on Both Dry & Wet Surfaces!

- Dry Application – Effective water-repellent coating even without moisture.
- Wet Application – Can be applied directly on wet surfaces.

5-Second Water-Repellent Coating – No Buffing Needed!

- Effortless Application Anywhere – No need for buffing, just spray and go.
- Beginner-Friendly – Precise, mess-free spraying with a nozzle.
- Compact & Convenient – Small-sized glass water-repellent coating for easy portability

### OIL FILM REMOVER

#### RainOK PUSH GRIP OIL FILM REMOVER

130 ml (4.39 oz)

The perfect oil film remover with triple powder that you can simply press

- High-hardness triple powder helps to remove the oil film quickly and perfectly
- No more hard time for removing oil film! A product that applies smoothly with lubricating ingredients and adheres closely to the windshield to perfectly remove oil films
- Amazing durability that lasts for about 3 months after one application
- When you press the product, a solution comes out and you can easily remove the oil film by simply rubbing it

#### RainOK EASY GRIP OIL FILM REMOVER

120 ml (4.06 oz)

Removes grease, water and wax grime on car windshield or mirrors

- Cleans water repellent coat on glass surface
- Secures ultimate driving visibility. Prevents diffused light reflection at night
- Applicable to ingrained stains in bathrooms

#### RainOK CLEAN & RAIN REPELLENT 2 IN 1

300 ml (10.14 fl.oz)

Cleans on automotive glass in front, rear and side mirrors & provides rain-repellent coating

- 2 in 1 : Rain repellent and glass cleaning effects at once
- Delivers clear vision in rain and at night
- Easy to use : simply spray and wipe

### Window Cleaner & Glass Washer

#### RainOK ETHANOL 3 IN 1 COATING WASHER

1.8 L (60.87 fl.oz)

- 3 in 1 effect : Cleaning + Rain Repellent Coating + Gloss
- Without harmful Methanol, Anionic surfactant and Preservatives for Human and Environment safety. (Methanol Free)
- Only use safe Ethanol as Alcoholic ingredient for driver and passenger's health
- Rain Repellent Coating as well as perfect windshield cleaning
- Fresh Lavender scent and Purple liquid color
- Freezing point -32°C(-25.6 F)

### ANTI FOG

#### RainOK ANTI FOG TRIGGER SPRAY

280 ml (9.46 fl.oz)

- Spray type of Demister
- Prevents interior fogging and Free from driving distractions
- Application : Glasses & mirrors of Car, Mirrors in bathroom, Glasses in the home
- Patented in Korea

#### Magic Grip ANTI FOG

300 ml (10.14 fl.oz)

- Easy and Effortless for Beginners – Smooth and dense foam type for simple application.
- A Must-Have for All Seasons – Designed with safety in mind.
- Crystal Clear Visibility – Say goodbye to fogging for a perfectly clear view.
- Resistant to Extreme Temperature Changes – Reliable fog prevention in any condition.
- Uniform Protective Barrier – Repels all moisture effectively.
- Ultra-Portable and Easy to Store – Convenient for on-the-go use.
- Versatile Applications – Suitable for various surfaces.

### WINTER PRODUCTS

#### RainOK DEICER

400 ml (13.53 fl.oz)

- Defrosts the windshields and windows of car, as well as a frozen radio antenna or keyholes
- Concentrated formula provides quick melting
- Easy to spray in the severe cold weather

#### RainOK SPRAY CHAIN

500 ml (16.91 fl.oz)

- Made with both special synthetic polymers and natural resins, product prevents your car from slipping and losing control on snowy roads in the winter
- For emergencies only when the car is skidding and can't move
- No Damage to Tires, Roads or Driveways

### WIPER BLADE

#### RainOK METAL HYBRID SILICONE X GRAPHINE WIPER BLADE

- By maximizing the strengths of WPT® (Weather Proof Technology) silicone rubber through Bullsone's graphene coating technology, it delivers exceptional durability and seamless contact even in extreme conditions.
- ※ Compared to our standard wipers. / Test conducted under Bullsone laboratory conditions; results may vary in actual usage environments.

- Even in extreme environments, a strong silicone rubber is coated with graphene, which is thin but stronger than steel. There is no damage or cracking to the silicone rubber blade even at extreme temperatures.  
(Test condition : - 66 ~ 80℃)

- Water-repellent effect, lasts up to 4 times longer!
- Graphene coating that controls vibration and noise
- Metal hybrid 4-joint structure.

- Perfectly combines the six core performance characteristics of durability, heat resistance, cold resistance, ozone resistance, chemical resistance, and low deformation

- Patented in Korea : No. 10-2798712.

#### RainOK METAL SILICONE WIPER BLADE

- Used special silicone rubber with Weather Proof Technology(WPT): special silicone that is not damaged even in harsh external environments such as high temperature, low temperature, and high concentration ozone

- Repeated water-repellent coating effects until the end of the wiper's lifespan: water-repellent coating ingredients seep out from the silicone rubber blade itself

- 4-joint metal hybrid frame and aerodynamic design ensure strong adhesion and stable wiping performance

- 1 million times durability test completed

- TUV certified

#### RainOK METAL GRAPHENE HYBRID WIPER BLADE

- The new material, graphene is applied to the 4-stage joint structure metal hybrid frame and the coated blade to maintain the initial clean performance for a long time

- The nano-sized graphene coating ingredient adheres perfectly to the blade, increasing the durability of the coating

- Secure clear and safe vision without noise and vibration

- 4-joint metal frame provides perfect adhesion to various curved surfaces and shake-free performance even when driving at high speeds

- Excellent wiping performance maintained even after 1 million uses

- TUV certified

#### RainOK WIPER BLADE

- Durable up to 500,000 times of wiping

- Graphite Coating for smooth swing and minimizing noise

- Engineered CR Rubber

- Economical high performance standard type wiper blade
